IS SWITZERLAND NEXT ON PROGRAM

People Are Asking Whether Treaty
of 1815 Will be Next "Scrap
of Paper"

INVASION IS MAPPED OUT

Hindenburg Masses Troops Against
French Right Flank With Vast
Supplies

(Copyright, 1918, by U. P.)

Zurich, Switzerland, Feb. 13.—After Belgium—is Switzerland's turn next?

Hindenburg is massing troops against the French right flank, with vast stores of ammunition and many guns. The people here are asking whether the treaty of 1815 will be the next "scrap of paper."

Germans in Zurich are openly boasting that Ludendorff could smash the Swiss army in forty-eight hours. The Prussians, while gorging themselves on little republics, brag they could occupy this city the first day. They declare Switzerland's 1,500 machine guns, sixteen-inch cannon, eighty batteries of three-inch field guns and small stock of ammunition is insufficient to cause much trouble.

They say there are only 100,000 troops under colors, and that of these 45,000 are on the German border, which could be swept aside and France entered before the remainder of the Swiss could be mobilized. The consensus of opinion is that if Hindenburg does not try to cross Switzerland in an effort to turn the French Flanders flank it will be because he considers that strategically unwise.

The Germans, it is reported, have planned the invasion to the last detail; even to the skeleton governments for the cantons (Swiss states).

At the trial of a number of suspected spies at Vevy documents placed in evidence named a certain tailor as the mayor of a town on Prussian occupation.

Today Switzerland is struggling valiantly not only to maintain its neutrality, but for independence.

German agents are threatening the stanch republic with revolution, hoping the revolution will spread into Italy and France. The Prussians boast that the German people are better disciplined than the rest of the world; that if revolutionary doctrines are scattered broadcast, other nations will succumb while Germany will remain unscathed.

Switzerland is swarming with the agents of the Prussian war party. Discussing the question of what the Russian Bolshevik movement could have hoped to accomplish in Switzerland, France, Italy, England and even America, the celebrated Journal de Geneve declared:

"A great revolutionary wave, coming from the orient and crossing Germany, is now swirling at the foot of the Alps. Concerted, methodical international agitations are growing in our cities. These tend to provoke by violence a revolution which from Switzerland would gain in neighboring countries."

The paper is one of the most substantial in Europe. The warning was prompted by sensational developments of the last few weeks throughout German Switzerland.

Labor troubles are increasing. Purely political strikes have already occurred. Others are brewing. They

WILL M'GUIRE IS SAFE

Will McGuire, son of H. P. McGuire, has arrived safely in England, according to a cablegram received by his wife, which reveals that he was not on the ill-fated Tuscania. The cable said: "Safe, England. Uneventful. Love."

WORKS HARD TO RAISE FUND

Capt. Van Egmond Out to Get Salvation Army Allotment

Rush county's campaign for the raising of \$500 war fund for the Salvation army is being carried on enthusiastically by Captain Van Egmond of the local branch of the Salvation army. He is taking subscriptions for the fund and a subscription blank is at the People's bank where anyone may leave a contribution toward the cause. The call is being over the entire nation to aid in carrying on the war work of the Salvation Army, which is along the line of the Y. M. C. A.

WOMEN TO TAKE PART IN LOAN DRIVE HERE

Plans Are Being Perfected by Miss Bohannon, Rush County Chairman of Campaign

WILL ATTEND CONFERENCE

Women will take a very active part in selling Rush county's allotment of Liberty Loan bonds in the third drive, according to the plans being made by Miss Anna Bohannon, Rush county chairman for women's work in the drive. A township woman leader will be appointed in every township in the county and she will be asked to select her own helpers in selling the bonds in her township. Before the women start out on the canvass, a local banker will explain all the details in connection with the bonds and their sales.

The meeting of county women chairmen has been called for Indianapolis on March 6 and little of a definite nature toward the women's campaign will be done before that time, when Miss Bohannon will hear of the plans that have had greatest success in other places in the previous drives. All of the women's work will be in co-ordination with the sale of the bonds as managed by the banks of the city and the Boy Scouts.

CHRISTIAN CHURCHES OF COUNTY TO MEET

Fifth Annual Conference Will be Held at Milroy on March 1—Prominent Speakers.

LAST OF SERIES IN STATE

The fifth annual conference of the churches of Christ of Rush county will be held at Milroy March first. Representatives from all of the Christian churches in the county will be in attendance as well as a number of state officers of the church and church societies.

The Rush county conference is the last in the series of county conferences being held all over the state, beginning the fifth of February and closing the first of March. Church workers of the county are anxious that it be slated as the best as well as the last.

Outstanding in the program, which begins at 9:30 in the morning and closes with the evening session, are some of the Christian church's best speakers in the state and foremost workers. Mrs. Lydia B. Pearce, general secretary of the C. W. B. M. will give the principal address of the afternoon on "The Five Year Program of the Christian Women's Board of Missions." Other well known speakers are C. W. Cauble, corresponding secretary of the Indiana Christian Missions association, who speaks at both the afternoon and evening sessions and G. I. Hoover, state evangelist of the Eastern District.

The conference will take on the form of a rally of the forces of each of the county churches.

HISTORIES TO GO INTO EVERY STATE

Orders Received for Booklets to Be Issued by the Red Cross Indicate This

COUNTY PRIDE IS AROUSED

Family Pride Also Means That Every Person Should Appear As Red Cross Member

Orders for the Rush county war history, which will be issued by the Red Cross, are coming in much faster than anticipated by the leaders of the movement. From those which have been received, it is evident that the booklets will be sent to every state in the union.

The question of county pride, as well as family pride, has been raised, and there is no doubt, in the opinion of Red Cross workers boosting the project, but that the people of the county will respond to the appeal to purchase the histories loyally.

The fact that the histories will be so widely distributed is added reason why every person who wants to appear to be with the country in winning the war should become a member of the Red Cross. The name of every member of the society will appear in the booklet. This honor is accorded no other war organization in the county.

"When a former Rush county man or woman gets a copy of the Rush county war history, way out in California," said Fon Riggs, head of the recent membership campaign, who proposed the issuing of the war history, yesterday, "the first thing they will do is to turn to the roll of Red Cross memberships and see if their relatives and friends belong. In fact, they will scan the whole list, being acquainted in the county, to find out who is doing his or her part to help win this war."

"The histories will be stowed away as family treasures and will be referred to often in the years to come. Children and grandchildren of men and women who should belong will go through that honor roll many decades in the future to see if father and mother or grandfather and grandmother are counted there."

The name of every member of the Red Cross at the time the book is

Continued on Page 3

WILL H. HAYS ELECTED NATIONAL CHAIRMAN

Head of Republican Party in Indiana Unanimously Chosen This Afternoon

IS NOMINATED BY OPPONENT

(By United Press.)

St. Louis, Feb. 13.—Will H. Hays, chairman of the Indiana republican central committee, was unanimously elected chairman of the republican national committee here this afternoon. No other name was placed before the committee.

John T. Adams of Iowa, Hays' chief opponent in the race for the chairmanship, withdrew and placed Hays' name in nomination. He announced his withdrawal at one o'clock this afternoon.

When Hays was not elected yesterday afternoon and the session was adjourned until today, it was predicted the crest of the Hays wave had been reached and that he would likely be unsuccessful.

TAKEN UNDER ADVISEMENT.

The replevin suit of the Burdell Manufacturing Co. against Henry G. Hackman, administrator of the estate of Harry Sweet, for possession of a threshing machine and \$200 damages was heard by Judge Sparks in circuit court today and taken under advisement.

SCHOOLS LIKE THE NEW THRIFT IDEA

Children in City Manifest Interest by Asking Questions and Buying War Stamps

CONDE MAKES BANNER SALE

Few Hours Sales in Mays School Total \$116.12—New Committee Does The Work

"The school children all over the city are showing a wonderful interest and enthusiasm over the Thrift Stamp and War Certificate idea," said Assistant Postmaster Charles Brown this morning after addressing the pupils on this method of saving and of helping Uncle Sam. Following his talk, the children asked a number of questions on buying the stamps and their interest indicated that a number of them would start to be savers.

Similar talks have been given by Assistant Postmaster Brown at the Graham school, the Graham Annex, the Washington school and in the near future he will speak to the students at the Havens and Catholic schools urging that they take up with this method of saving. A number of the buyers of Thrift stamps are school children.

Bert Conde has made the banner sale for any one carrier by selling \$700 worth to one customer in one day. This makes his record of selling the stamps \$1,892 since the tenth of December. People are taking up with the idea more and more of buying stamps of their carriers on the regular routes.

Partly through education as to the way to buy the stamps and partly through realizing the value of the investment, persons are buying more Thrift and war stamps every week. The sales are gradually increasing day by day, according to reports at the postoffice.

In connection with the county drive in selling stamps, a war savings committee has been appointed by County Chairman John A. Tittsworth for Center township, composed of Bert Benner, Guy McBride and John Goode. The latter two members after a few hours work in the schools turned in \$116.12 Tuesday evening to Postmaster McBride at Mays.

HEATLESS MONDAY ORDER IS REVOKED

Fuel Administrator Garfield Issues The Rescinding Order This Afternoon

WAS EXPECTED AT THIS TIME

(By United Press.)

Washington, Feb. 13.—The heatless Monday holiday order was revoked this afternoon by Fuel Administrator Garfield.

This rescinding order has been anticipated because of the moderation in the temperature for more than a week and the order last week lifting the heatless Monday order in eight southern states.

This leaves local business, both manufacturing and mercantile, with no restrictions whatever with the exception that retail merchants curtail their use of electricity for lighting purposes to that which is actually needed for the conduct of their business. This means that all amusement places will be open on Tuesday, which was the day they closed instead of Monday.

OFERNIO TORPEDOED

(By United Press.)

Madrid, Feb. 13.—The steamer Ofernio has been torpedoed, it was reported here today. Thirty-seven survivors are said to have been towed by the submarine and landed at the Canary Island.

WASHINGTON AS A MASON

Pictured in Talk by Judge Will M. Sparks Tuesday Night

An immense attendance marked the meeting of the Phoenix lodge, No. 65, of Free and Accepted Masons held in the temple last evening when the members were addressed by Judge Will M. Sparks, whose subject was "Washington—President and Mason." The facts in the wonderful story of this Mason's life were pictured by the speaker who brought them out as ideals by which men of today might profit. The talk was one in a series which have been planned for the stated meetings of the order.

MAY ORGANIZE JUNIOR RED CROSS IN COUNTY

Question Will be Brought Up At Monthly Meeting of Executive Committee Tonight

CO-ORDINATE SCHOOL WORK

The question of organizing a Junior Red Cross in Rush county will be brought up at the monthly meeting of the executive committee and chairmen of the departments to be held at the headquarters this evening. The time between February 11 and February 22 has been set by the national headquarters as that when the Junior Red Cross cause should be urged over the entire country and school children should be enlisted as members.

All war activities in the school will come under the one head of the Junior Red Cross, according to the plan, and the sale of Liberty bonds Thrift stamps, Y. M. C. A. campaign and all other patriotic enterprises will be managed under the head of the Junior Red Cross. It is altogether probable that a committee will be appointed at tonight's meeting to take charge of this phase of Red Cross and see that the movement is carried in to every school in the county. A number of other important matters will be brought up at tonight's meeting.

POPE CALLS WILSON'S SPEECH "PEACE SEED"

Vatican Believes Responsibility Has Been Put Squarely up to German Militarism.

EXPECTS AUSTRIAN REPLY

(By United Press.)

Rome, Feb. 13.—Pope Benedict welcomed President Wilson's latest address to the enemy and world as "nourishing the peace seed which is already sprouting," it was learned in vatican circles today.

The vatican believes the responsibility has now been squarely put up to German militarism which must enter the president's declaration.

The pope confidently expects early replies from Austria's foreign minister Czernin.

SEIGE PROCLAIMED IN KEIFF

Martial Law Began After Peace With Central Powers

(By United Press.)

Zurich, Feb. 13.—A state of seige has been proclaimed at Keiff, according to dispatches received from Lemberg, today.

Keiff is the capital of Ukraina. The establishment of martial law there which began immediately after a separate peace with the central powers indicates by an outbreak of a revolution among the people that the peace is not regarded favorably by the masses.

UNIFORMITY NEW TAX BOARD SLOGAN

Automobiles Are Listed in Three Classes so That All Will be Assessed Alike.

PRODUCTS AT MARKET PRICES

Cards Prepared to Assist Assessor Arriving at True Valuation of Personal Property.

Instructions for farm products to be taken at the market price, classification of automobiles so all will be assessed alike and cards to assist assessors in arriving at the true valuation of personal property are contained in a form letter sent out to county assessors by the state board of tax commissioners, which has adopted as a slogan uniformity in taxing property this spring.

Henry Schrader, Rush county assessor, had not received the instructions this morning, but they will arrive in a few days and he will then study them and be prepared to give information to the township assessors. The township taxing officials will be called together the last Saturday in February, the twenty-third, to receive their supplies and instructions. They will begin work March 1st.

Uniformity all over the state is the slogan of the tax board this year as never before. One of its first steps along this line was to prepare a schedule of assessment standards for automobiles. After consulting with automobile manufacturers, automobile insurance companies, assessing officers and owners and users of machines the board arrived at the conclusion that inexpensive machines deteriorate less in early use and more in later use and that expensive machines deteriorate more in use and less in later use. Then is issued the schedule and placed in Class 1, cars costing less than \$700; Class 2, cars costing \$700 to \$1800, inclusive; Class 3, cars costing more than \$1800.

The true value of the cars is arrived at as follows:

Class One.

First year of use, 80 per cent of original cost; second year of use, 60 per cent of original cost; third year of use, 40 per cent of original cost; fourth year of use, 25 per cent of original cost; fifth year of use, 20 per cent of original cost.

Class Two.

First year of use, 75 per cent of original cost; second year of use, 65 per cent of original cost; third year of use, 55 per cent of original cost; fourth year of use, 40 per cent of original cost; fifth year, 25 per cent of original cost.

Class Three.

First year of use, 75 per cent of original cost; second year of use, 70 per cent of original cost; third year of use, 60 per cent of original cost; fourth year of use, 50 per cent of original cost; fifth year of use, 40 per cent of original cost.

The true values fixed in the above table are subject to the customary discount of 25 per cent for equalization purposes. Motorcycles are subject to the same rules for determining value and to the same discount for equalization.

The suggestions turn to the evaluation of such staple products as wheat, corn, rye, oats and the like. On this subject the instructions state:

"There should be practical uniformity here, for the local market prices (what dealers are paying) on March 1, less 25 per cent for equalization, should be the absolute rule. Irregularities here will not be overlooked by this board, and unless corrected by boards of review may subject a whole county to a horizontal increase, the responsibility for which must rest upon the local assessing officers. The item of corn is an un-

CAMPAIGN EXTENDED OVER REST OF WEEK

Because of Number of Calls For
Smileage Books, This Announcement
is Made

SELL FOR A DOLLAR A BOOK

Because of the number of calls for the Smileage books and the enthusiasm with which boys in the training camps are taking up with the idea, the Smileage book campaign has been extended over the remainder of this week. In the books, which sell for one dollar, are twenty coupons which may be used for seeing the good shows and vaudeville bills that are to be staged in every training camp in the country.

Friends of the soldiers are asked to buy the books and remember the Sammies with them so that they may attend the plays. Some of the country's best known theatre managers are behind the scheme to schedule good plays for the camps. The books are on sale at the Pitman and Wilson drug store.

COMMENTS ON PEACE TERMS

Italian Premier Says They Affirm
Earlier Formed Plans.

(By United Press.)

Rome, Feb. 13.—Premier Orlando addressing parliament, declared central powers in their recent peace demands have "affirmed nothing" but the most obstinate determination to carry out a previously formed plan of imperialistic domination.

The premier declared Italy is facing a dilemma in that she is now exposed to invasion from both land and sea.

Mother's Cook Book

Just being happy is a fine thing to do. Looking on the bright side, rather than the blue. Sad or sunny musing is largely in the choosing. And just being happy is brave work and true.

Food for the Family.

To save meat we must use more poultry, rabbits, fish and other sea food as our army, the armies of our allies and the women and children "over there" must have food, and there can only be food enough if America provides it. If each person in the United States saved one pound of sugar a year it would make 50 train loads of 50 cars each, each car carrying 50,000 pounds of sugar; that would help some in supplying the demand for sugar, would it not? Let us not forget that a very small bit multiplied by a hundred million is enormous in result, that it leaves us stunned with its magnitude.

UNIFORMITY IS NEW SLOGAN OF TAX BOARD

Continued From Page 1

certain one this year, owing to the condition of the crop, and will require special attention when it comes to determine value."

On assessing personal property of farmer and householder the board prepared cards to assist the assessor in arriving at a correct valuation of each principal farm implement and of each principal household furnishing. Thus the board seeks to discourage the common practice of "lumping off" the property.

A popular idea about the taxability of shares in building and loan associations may be changed somewhat by the following from the board's instructions on the subject: "Shares in building-loan associations are taxable to the owners. Associations themselves are exempt from taxation, except on their real estate. Building-loan shares on which loans have been made are exempt from taxation, but other shares whether paid up or running shares are taxable to the holder. Every person who puts money into an association of this kind is a stockholder and his holdings should be listed according to the value of his investments."

Stocks in foreign and domestic corporations and the method to be employed in assessing them and corporate property as dealt with as follows:

"Attention is also called to shares of stock in foreign corporations and domestic corporations conducting their business outside the state. All such stock is assessable to the holder. A foreign corporation is defined as one which takes out its charter in another state although it may conduct its business in this state. A domestic corporation is defined as one which takes out its charter in Indiana, but may conduct its business in another state. All stock in a foreign corporation is assessable to the holder of the same, regardless of where the company does business but stock in a domestic corporation is not assessable to the holder, unless the company conducts its business outside the state."

In closing the board fixed the time for the township assessors to report to county assessors with the following statement:

"Township assessors should report as usual to county assessors the average of certain classes of personal property on the following dates: March 9 and 23 and April 6. From a compilation of these reports the county assessor should report to the state tax board not later than March 15 and 29 and April 12."

The Oil-Burning Lamp.

Great were the struggles of the pioneers in the oil industry—many were the problems to be solved. At first, the most important use to which the oil was put was an illuminant. The objection to it, however, was that it was too dangerous and had too strong an odor. This necessitated the development of a suitable oil lamp, resulting in the invention of the lamp globe which consumed the smoke and gases, giving a clear, bright, odorless light. This same oil lamp today is serving

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Get Pain and Stiffness away with
a small bottle of old honest
St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin. Nothing else stops lumbago, sciatica and lame back misery so promptly!

Plates are driven from the slow moving rear axle and are entirely idle between hills.

Change drop instantly without changing plates or stopping the team.

No clutch on the drill shaft. No small, weak clutch to wear out or pound loose.

Chambered axle box, felt lined, prevents axle from running dry.

Nothing will do your planting as well as this Planter. See it demonstrated.

E. A. LEE

Public Sale

We, the undersigned, having decided to quit farming, will make a Clean-up Sale of all our personal property at auction at our present residence, 3 miles northeast of Rushville, 5 miles northwest of Glenwood, and 4 miles southwest of Gings on what is known as the Coleman farm on

THURSDAY, FEBRUARY 21, 1918

SALE TO COMMENCE AT 12:30 P. M. SHARP.

The Following Property

6 Head of Horses 6

1 bay gelding 7 years old, weight 1650, sound, not a better broke one anywhere you hitch him; if you are looking for a real gelding he is it. 1 roan draft gelding 3 years old, broke to work anywhere. 1 grey mare 11 years old, weight 1500, sound and good worker. 1 brown mare 12 years old, extra good user. 1 roan mare 8 years old, sound, good broke, single or double, great farm mare. 1 yearling roan colt. The above named horses are just as good or better than described and anyone looking for a high class farm mare or gelding should attend this sale, as this stuff will be just as we sell it or you don't own it, so you are taking no chance.

4 Head of Cattle 4

1 Jersey cow 6 years old, will be fresh by day of sale, a great butter cow; 1 Shorthorn cow 6 years old, will be fresh in April; 1 yearling Jersey heifer; 1 yearling Shorthorn steer.

FARM IMPLEMENTS—2 farm wagons, one good as new, one flat bed, one box bed; 1 manure spreader in extra good shape; one Deering binder, good shape; 1 Oliver riding break plow; 2 walking break plows; 1 two-row corn plow in good shape; 1 one-row National corn plow, good; 1 Black Hawk corn planter in good shape; 1 spring-tooth harrow; 1 steel roller; 1 one-horse wheat drill; 1 gravel bed; one buggy; 1 full line of work harness; 1 DeLaval cream separator, used less than 6 months, just as good as new; 1 gas range and many other articles too numerous to mention.

TERMS OF SALE—All sums of \$10.00 and under cash; above that amount a credit without interest until September 1, 1918, will be given, purchaser to execute note that meets with the approval of the clerk. Absolutely all settlements to be made with him. A discount of 3% for cash. Nothing to be removed until settled for.

AARON FOSTER & SON

DUSTY MILLER, Auctioneer.

L. R. WEBB, Clerk.

Public Sale

I, the undersigned, will sell at public auction at my residence, located six and a half miles northeast of Rushville, one and a half mile west of Gings, on the farm known as the Timothy White land, on

FRIDAY, FEBRUARY 22, 1918

SALE TO COMMENCE AT 10:00 A. M.

Sale to be Held Under Tent.

8 Head of Horses 8

Mostly Highly Recommended Kidney Preparation

Your Swamp-Root is a splendid seller with us and must give good satisfaction to its users or my customers would not buy it repeatedly. It is a very valuable medicine to sufferers of catarrh or inflammation of the bladder and in liver trouble and rheumatism it has been very beneficial. I take pleasure in recommending Swamp-Root because I feel that it possesses merit in the troubles for which it is intended.

Very truly yours,

J. J. BUNDY, Druggist.

SUIT NEW BUT HOLE IN SHOE

Bad Teeth Like Bad Shoes
Spoil Fine Dress and
Good Looks

PEOPLE NEGLIGENT IN CARE OF MOUTH

Senreco Tooth Paste Powerful
To Save the Teeth and
Prevent Diseases

"All dressed up with a hole in his shoe," was a bit of sarcasm a girl flung at a young man friend whose entire outfit was new except his punctured shoes. Right enough, too. Either to man or woman a shabby pair of shoes would spoil the appearance of the most elegant garments ever worn.

What about the teeth? Dress in all the finery you please, if you open your mouth exposing a decayed set of teeth your attractiveness ends right there. That's a hole in the shoe for you. This applies both to men and women. Girls, and young men, you lose half the admiration which would be directed toward you if you have bad teeth. You can't be pleasing with a mouthful of decay. You can't be healthy either. The condition of the teeth have a telling influence on other organs of the body. Bad teeth affect the intestines, stomach, heart, and even the eyes. Medical science shows that bad teeth produce unhealthy conditions all over the body.

With Senreco Tooth Paste at your service—a scientifically prepared preventive of Pyorrhea—there's no need of falling a prey to these ills. No need of having a mouthful of decayed teeth. Used regularly on a set of good teeth the deadly germs have little chance to enter. If they should enter they can't exist long under its thorough cleansing properties. As a cleanser and preventive of disease of the teeth it is positively reliable. Advanced cases should be treated by your dentist.

Use Senreco Tooth Paste as a preventive. Ask your dentist if you should not pay all attention to your teeth. Of course we won't say our Tooth Paste will cure Pyorrhea. If you already have it, your dentist is the doctor. Even if you are afflicted with this terrible disease Senreco Tooth Paste will help you to get rid of it, with your dentist's assistance. But we don't want you to contract any ailment of the mouth and teeth, nor does your dental doctor. A preventive is far better than to have to go through the trials of a cure. Save your teeth by Senreco Tooth Paste and the probability is that you won't have to deal with foul and painful diseases. By taking excellent care of your teeth you may save stomach, intestinal, heart and eye troubles. Take all precaution to keep the teeth clean and do it with Senreco Tooth Paste, the latest discovery of dental science. Sample of Senreco free if you wish it. Senreco Tooth Paste, Cincinnati, Ohio.

Politicians Not Slackers

A dispatch from Jeffersonville says the chairman of the County Council of Defense there is trying to determine whether or not politicians are slackers. We know nothing of the conditions at Jeffersonville, but it is safe to say that in the average community politicians are not slackers.

They are not slackers in Rush county. The politicians have done their share of the work. Many of them have taken a leading part in the Red Cross, Y. M. C. A., Liberty Loan and other war measures. They are the men to whom amateur organizers turn because of their organizing ability and their tact and experience.

In the recent Red Cross membership drive in Indianapolis, the man at the head of the campaign called in every ward leader of both the democratic and republican parties and called on them to do their bit. They did it to a man without a whimper, and it was well done. The Indianapolis police department was also employed to get Red Cross memberships and everyone came up to expectations.

Politicians as a rule are not slackers. By reason of their own attitude some newspapers have caused a sort of odium to attach to politicians. Of course, there are crooks and dishonest men among them as a class, but it is doubtful if the percent of dishonesty is any greater among them than any other class of individuals. We need politicians to carry on our government in its present form. So long as we govern by political parties there will be politicians—the men in the trenches who do the work—many of them without any regard or any thought of it.

Is This German Devilry?

Rumors rife in Indiana the last few weeks that poisonous pollen had been placed in small grain seed supplies or would be put in them before planting time the coming spring by German plotters has caused considerable stir among farmers of the state. While botanists in the Agricultural Experiment Station of Purdue University scout the theory of pollen being spread in the oats or other small grain seed, they state that smut or other disease germs might be mixed in seed stocks with disastrous effects. Several serious plant diseases exist in Germany which are not found in this country and these might be introduced in this

He Removed the Danger Signal

"I suffered a long time with a very weak back," writes Fred Smith, 325 Main St., Green Bay, Wis. "A few boxes of Foley Kidney Pills completely relieved me of all soreness and pain in the back, and now I am as strong and well as ever."

One cannot help becoming nervous and feeling tired and worn out when the kidneys fail to filter and throw out of the system the poisonous waste matter that causes kidney troubles and bladder ailments. Backache is one of Nature's danger signals that the kidneys are clogged up and inactive. It is often followed by rheumatism, annoying bladder or urinary disorders, puffy swellings under the eyes, swollen ankles and painful joints.

Foley Kidney Pills get right at the source of trouble. They invigorate the kidneys to healthy action and when the kidneys properly perform their functions the poisonous waste matter is eliminated from the system.

F. B. Johnson.

DAY NOT OBSERVED WITH ANY PROGRAMS

Anniversary of Lincoln's Birthday
Passes with Reference to It by
School Teachers

MAY OBSERVE WASHINGTON'S

Lincoln's birthday passed quietly in the Rushville schools yesterday and aside from short talks by the teachers and students in the various class rooms no special mention was made of the birthday of "The Emancipator."

Because of the short recitation periods, due to the fuel conservation program, the school authorities are endeavoring to use every minute of the time in school to complete the regular schedule and for this reason there was no formal program, especially among the high school students as has been the custom for a number of years. If the regular hours are resumed before February 22, however, the schools are planning a Washington demonstration.

Here's Where The Fun Comes In

The proprietor of a local store who contracts to do interior decorating and wall-papering, sent a clerk out in a machine yesterday with paper-hangers to fill a contract in the country near Rushville. The proprietor explained the location of the house explicitly—it was the first house beyond a certain house which the clerk presumed to know.

Yesterday evening the proprietor received a call to come out after the machine bearing the paper-hangers because it was stuck in the mud. He went to the place where the men were sent but there was no sign of them having been there or having done any work. He went on to the next house and found the paper-hangers had papered one big room and half of another in the wrong house. Today the men were finishing up the room not completed yesterday, and then were going to be sure they started on the right house.

The proprietor explained the house to be papered had a grate in the front room. Well, the room which they papered had a grate in it. They followed instructions all right

FOOD LICENSE REVOKED.

(By United Press.)

Washington, Feb. 13.—The food license of the Weiner Fruit and Produce company, Ft. Wayne, Ind., today was ordered revoked by the food administration, effective February 23d.

country in this way, the botanists said.

These diseases could not be detected on the seed by an ordinary examination and the only way to guard against the chance of this deadly work by Teutone plotters, if they have been busy in this or any other state, would be to treat the seed as it is treated for smut prevention under directions of the local county agent or Purdue University.

Investigations are under way to determine the source of these rumors, but to be safe, every farmer is urged to take precautions in buying his seed oats this spring and to see that all of it is treated properly with formalin to overcome, before the seed is put into the ground, any German devilry.

Buy Thrift Stamps. They make you money and your action helps the Government. It's the same spirit that made you buy Liberty bonds and if you couldn't afford them you can certainly afford a quarter to start this. See your postmaster.

Since the snow has melted off the streets, automobile drivers will have a good chance to try out Mayor Irvin's orders to park automobiles parallel with the curb and not less than five feet apart.

TO BE OPENED FOR NURSE'S TRAINING

Vassar College Will Give Three
Months Intensive Course This
Summer

RED CROSS TO SPEND \$18,000

Vassar College, its campus and magnificent equipment will be opened this summer for a three months intensive course for nurse's training. The idea has been accepted enthusiastically by Red Cross, which will spend a fund of \$18,000 for equipment and expenses. Women who have graduated from any college affiliated with the Association of Collegiate Alumnae within the past ten years or to be graduated this spring will be eligible to enter the nurses' training course at Vassar.

The plans will take more definite form soon when college graduates all over the country will be urged to take advantage of this excellent offer to procure training as a Red Cross nurse for immediate service. Announcement of Vassar's plan was made by Mrs. Krull, president of Indiana's Vassar club, at the meeting of the Press Club held in Indianapolis yesterday.

Days Pickings

Lieutenant Edwin G. Watson, son of Senator and Mrs. James E. Watson, who entered the service as second Lieutenant in the regular army and was stationed at Fort Leavenworth, Kansas, and later transferred to Camp Taylor, Ky., has been promoted to the position of First Lieutenant and transferred to the Signal corps assignment at Vancouver, Wash.

An immense crowd attended the sale given on the farm of John Osborne south of the city yesterday. The sum of \$5,900 was taken in, the largest sale being a team of geldings at \$512.20. The Willing Workers of New Salem served lunch at noon.

Mrs. S. D. Lawson of this city has received word that her brother, Ace Swords of Greenfield, was injured in an accident there yesterday. The nature of the accident or extent of his injuries is not known.

Howard Brecheisen, with the aviation service in San Antonio, Texas, has recently been transferred from Kelly Field one to Kelly Field three, and is expecting to be sent east soon.

Miss Dorothy Beaver, granddaughter of John Humes south of the city, is suffering with an attack of appendicitis.

Mrs. Carrie Horrell is suffering with an attack of gall stones at her home in West Second street.

Mrs. Russel Baker of Falmouth who recently underwent an operation at the Dr. Sexton Hospital is reported to be improving nicely.

A new roof is being put on the city building.

TIRED, NERVOUS HOUSEWIFE TOOK VINOL

Now She is Strong and Well

Berkeley, Cal.—"I was nervous, irritable, no appetite, could not sleep, and was always tired, so my housework was a great effort. After many other medicines had failed Vinol built me up and made me strong. I have a good appetite and sleep well. Every nervous, weak, ailing woman should try it."—Mrs. N. Edmunds, 2107 Dwight Way, Berkeley, Cal.

We ask every nervous, weak, rundown, ailing woman in this town to try this cod liver and iron tonic on our guarantee to return their money if it fails to help them.

F. B. JOHNSON & CO., Druggists, Rushville, Ind. at the best drug store in every town and city in the country.

CALL MEETING

Phoenix lodge No. 62, F. A. A. M., will have a called meeting tonight when there will be work in the E. A. degree. Visiting brethren will be welcome.

ketball Seen on Local Floor
This Season

Rushville high school basketball team showed a complete reversal of form, after beating Richmond last Friday night 38 to 22, by losing to the strong Technical high school quintet of Indianapolis last night at the Graham Annex gym by the score of 28 to 7.

The visitors put up the best brand of basketball seen here this season and their claim to the state championship honors is based on something substantial because they have a team. Local fans were hopeful of a victory or even a better showing than Rushville made, but they realize that Technical high school had the best bunch of basket tossers who have played in Rushville this year.

Rushville's poor showing was partly due to the stiff opposition, but the playing of the team was not as snappy as last Friday night when they played rings around Richmond both at hitting the basket and in team work. Rushville apparently had no team work at all last night, but the fact that there was an opponent

Eats Anything
She Wants Now

Indianapolis Woman Tells How Tan-
lac Put Stomach Back
In Shape

"One bottle of Tanlac fixed my stomach up so that I can eat anything I want without any bad after effects," said Miss Mary Fisk, 833 North Illinois Street, Indianapolis.

"My stomach had been out of order for a long time," she continued. "I was always bothered with gas forming in my stomach after eating and I got bloated. Sometimes I had a smothered feeling. If I ate rich food or ate supper later than usual it would be several hours before I could get to sleep that night."

"I heard so much about Tanlac that finally I tried it. The first bottle helped my stomach. I have improved so much now that I can eat anything I want without bad after effects."

"I think a person ought to tell others about such a medicine and so I recommend Tanlac."

If you are not feeling right get Tanlac today. Delay in health matters is dangerous. You can get Tanlac at F. E. WOLCOTT'S drug store. (Adv)

CHILDREN PLANT TOMATOES

At the suggestion of Mrs. A. L. Stewart, of this city, that public school children cultivate tomatoes during the spring and summer for use in the army cantonments, Harry Barnard, state food administrator and Will Hays, state defense council chairman are attempting to get the government to O. K. the plan not only for Rushville school children but also to be suggested to the school authorities through the state.

The present plan, if it meets with government approval, will be to plant seeds in boxes in the school rooms and to allow them to germinate and grow into plants in the sunny windows in the class rooms. A certain number of plants will be distributed among the children when the planting season arrives to be cared for by them during the summer. The tomatoes, when ripe, are to be canned by women of the city and turned over to the government for distribution.

"The plan is an excellent one," declared the state food administrator, "and one worthy of notice by which the soldiers in the various cantonments will be provided with wholesome well prepared vegetables." The matter has been placed

CREDIT GIVEN FOR
WHEAT SUBSTITUTE

If No Wheat Flour is Purchased at
Same Time Substitutes Are
Bought.

THE PLAN IS FIFTY-FIFTY

Indianapolis, Ind., Feb. 13.—Consumers will be permitted to, take credit for purchases of wheat flour substitutes in cases where no wheat flour is purchased at the same time. This is Dr. Harry E. Barnard's ruling on a point submitted by a grocer, who promising that he would keep a check on sales to guarantee the fifty-fifty plan of selling wheat flour and substitutes would be observed. Dr. Barnard approved the idea of another retailer who has had printed small cards, which are punched with each sale of wheat flour or substitutes. The sale of either or both are refused except that the customer co-operate by presenting a card.

Complaints persist that no adequate supply of substitutes is available to equalize the demands for wheat flour and in all such cases, Dr. Barnard emphatically insists that wheat flour purchases be reduced, so that an equal amount of substitutes can be distributed. It is believed by Dr. Barnard that the supply of substitutes will very shortly be sufficient to care for all wheat flour sales.

on a Rushville man every time he got the ball cut down the chances for displaying their usual form.

Rushville was literally overwhelmed the first half, narrowly escaping a shut-out. Keating contributed the lone marker by throwing a foul goal. Technical scored seventeen points in the first half.

When they did get a shot, Rushville players could not hit the basket. It is true that most of their shots were difficult ones, but all kinds were made against Richmond last Friday night.

On paper Technical, before the game, was no better team than Rushville, but they proved their superiority in the early stages of the contest. The game was fiercely contested every inch of the way, rough tactics being used by the players on both teams. The summary:

Technical (28) Rushville (7)
Brewington Forwards Keating
Shields Center Brown
Cox Guards Daily
Wagner Guards Reed
Seidensticken Norris

Field goals: Technical—Brewington, 1; Shields, 5; Cox, 6; Rushville—Keating, 2; Daily, 1; Foul goals: Technical—Brewington, 4; Rushville—Keating, 1. Tompkins went in for Brown at forward near the middle of the last half.

THIS GREAT CHALMERS ENGINE RUNS WITH
MIDSUMMER SOFTNESS ON A BITING COLD DAY

In years gone by we have driven very excellent cars over which we have labored countless half hours to start on a cold day. And these same cars sputtered for miles afterwards once we got the engine going.

So you may imagine the sense of satisfaction that we have in this current new Chalmers which not only starts with a vim on a cold day, but runs with the softness of midsummer in a few seconds after the starter button has sent the engine on its way.

To put your finger on the "why" is to put it on the now famous "hot spot" (an ingenious device that cracks up the gas into a wonderful, fine vapor, then heats it) and a magnificent "ram's-horn" manifold (which speeds the gas on its way to the cylinders for instant action.)

HAS ARRIVED IN FRANCE

Son of Mrs. Sarah Caldwell Will
Build Hospitals

Sarah Caldwell, of North Morgan street, has received a telegram from her son, B. F. Caldwell announcing his safe arrival in France. Until ten years ago Mr. Caldwell made his home in this city where he was well known. He has been in the employ of the Stone and Webster Construction company of Rock Island, Ill., for a number of years and was sent across to aid in the construction of hospitals and various other buildings behind the lines. He arrived in France February 2.

SALTS FINE FOR
ACHING KIDNEYS

We eat too much meat, which clogs
Kidneys, then Back hurts and
Bladder bothers you.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

WHILE AT WAR

Women Suffer at Home

GOSHEN, IND.—“Dr. Pierce’s Favorite Prescription” has given me such great relief that I am glad to tell of it so that other women who suffer may know what will help them. I was all run-down in health, became very weak and nervous and could not eat or sleep. Nothing seemed to do me any good until I began taking Dr. Pierce’s Favorite Prescription and his Golden Medical Discovery. They proved to be just what I needed, as they soon built me up and I could eat and sleep well. And just a few years ago, when I was going through middle age, I took the “Prescription” and it brought me through the critical period in the best of health.”—Mrs. CHRISTINA KIRKDOFFER, 219 South 10th St.

“Favorite Prescription,” the ever-famous friend to ailing women, and “Golden Medical Discovery,” the greatest general tonic, are both put up in liquid and tablets, contain no alcohol or habit-forming drugs, and are to be found in nearly all drug stores. The tablets cost 60 cents. These medicines of Dr. Pierce’s have enjoyed an immense sale for nearly 50 years, which proves their merits as well as the statements made by users. If not obtainable at your dealer’s send 10 cents to Dr. Pierce, Invalids’ Hotel, Buffalo, N. Y., and he will mail trial package of either tablets; also write for free medical advice, if there is need.

Dr. Pierce’s Pleasant Pellets for the liver and bowels have also been favorably known for nearly 50 years.

Society

Mrs. T. E. Murphy of Glenwood was hostess to the members of the Sorosis club yesterday at one of the most interesting meetings of the year. All of the members were in attendance and during the course of the meeting a double program was given.

A pitch-in dinner was served at noon after which a program on Canada was given by Mrs. C. M. George and Miss Doris Saxon. The papers discussed were, “The Canadian Dominion,” and “A Tour of Canadian Cities.” An intermission followed the Canadian topics after which the second part of the program was given.

“All in a Day,” was the feature of the program and consisted of an original story by Mrs. Roland Murray. The story was one of every day life but was woven together in an interesting manner and was greatly enjoyed by the guests. “General Funston’s Life and Work,” and the Red Cross work were the subjects of the other numbers on the program.

The next meeting will be held in two weeks with Miss Florence Elliott of North Harrison street when the spirit of the younger generation will be the subject of the program.

Last evening the Young Peoples Christian Union of the United Presbyterian church was delightfully entertained by the Misses Ethel and Irene Ellingwood at their home in West Tenth street with a Valentine party. The evening was spent in games and music after which dainty refreshments were served, followed by the distribution of a large assortment of pretty valentines. A separate box was prepared for the valentines of Ira Fultz, Donald Pease and Carl Dudgeon, the Y. P. C. U. soldier boys at Camp Shelby, which were mailed to them this morning. Those who enjoyed the pleasant evening were the Misses Leda Green, May Cheek, Marie Taylor, Ruby Sterrett, Stella Offutt, Edna McGuire, Alta Hockersmith, Hazel Taylor, Goldie Jessup, Marie Sterrett, Goldie Cheek; and Ota Hockersmith, Byron Wainwright, Perry Hockersmith, Robert Dudgeon, Bert Offutt, Mr. and Mrs. William Taylor, Mr. and Mrs. A. L. Ellingwood and the Rev. and Mrs. John T. Aikin.

Thirty-four members of the Loyal Daughters Sunday school class of the Main street Christian church completed several towels and handkerchiefs at the meeting last night which was held at the home of Mrs. Leatha Lovenger, 307 East Eighth street.

The members of this class has been doing Red Cross work for several months and during that time have completed hundreds of useful and necessary pieces for the hospital supply boxes prepared at the local headquarters.

The assistant hostesses at last night’s meeting were the Misses Prudence Pope, Cornelia Schriber, and Florence Smiley, and at the close of the meeting dainty refreshments were served.

The life and career of Lincoln was the subject of an interesting address delivered yesterday by the Rev. Clyde S. Black at the meeting of the Ladies Aid society of the St. Paul’s Methodist church when Lincoln Day was observed with a special program.

Mrs. Will C. Smith was hostess at the meeting and was assisted by

COUGHS WASTE ENERGY

War Does Its Wonders with The Children

What Generations of Mothers Have Been Trying to Accomplish by Means of Punishment, it is Accomplishing Without an Effort. Children Sew for Relief Work Without a Murmur.

What generations of mothers have been trying to accomplish by peaceful means of punishment, this war is accomplishing without even an effort and the children of Rush county both at home and in the schools are taking up sewing in various forms of war relief work without a murmur, in fact, even the children who have scarcely learned the art of making doll clothes are working enthusiastically for the relief of the little sufferers in France.

When our grandmothers were young many of their days were made miserable by endless sewing which was always stacked up for her to do as she sat primly at the feet of her mother while she was longing to take part in the more boisterous sports which would have shocked the older members of the household. In consequence of such torture grandmother grew up to hate her needle and the ready-to-wear business was the real answer to her childhood prayer.

The pendulum took another swing a few years ago, however, and a wave of domestic science flooded the schools, making sewing a regular ladyship accomplishment once more. With the beginning of the war every feminine hand regardless of age or color is clutching needles of some kind.

Any number of girls not yet in their teens in the schools through Rush county are experts with knitting needles and are as busy as any

Beautiful Women

WEAR
GOSSARD
Corsets
The Original Front-Lacing Corsets

OFFERED THIS SEASON with a front so perfect that it rivals the beauty of the world-famed Gossard back.
This cleverly designed front absolutely eliminates all appearance of fat or thickness at the front and emphasizes the delicate curve of the waistline by accenting the curve under the bust. Only in a Gossard can this perfect front be attained, together with the small hips and flat back demanded by the present mode. Gossards are the only front-lacing corsets that completely conform to fashion’s lines.
A genuine Gossard means more than a front-lacing corset; it means emphatically a perfect front, a smooth back, your all-day comfort, your safe-guarded health—it means unusual wearing service, alone worth the price you may pay, whether it be
\$2.00 \$2.50 \$3.50 \$5.00 or up to \$50.00
That the front lacing is the superior method of lacing is conceded by the best dressed women the world over. Gossard Corsets are the original front-lacing corsets and the perfect expression of the front-lacing principles. In your search for the perfect corset you will finally wear a Gossard, so anticipate the inevitable—buy and enjoy one now.

This name **Gossard** on the inside of the corset is your guarantee of the original

WEBSTER'S MULTICOPY Carbon paper is sold by Louis Hiner.

County News

Glenwood

Thomas Reed has returned from Columbus, O., where he took the physical examination for admission into the engineering corps.

Mr. and Mrs. John Naylor and daughter Marie will move to a farm near Greenfield, Ind., immediately after the sale at the farm on which they reside, Feb. 26.

Mr. and Mrs. Ralph Peck and son John spent the week-end with Mr. and Mrs. J. W. Peck at their home near Connersville.

Twenty-four members of the Elmhurst seminary near Connersville, took dinner at the Glenwood Inn, the guests of Mrs. J. H. Link Saturday evening.

The usual services were conducted at the United Presbyterian church Sunday afternoon. Services at the Christian church and at the Methodist church were conducted in the morning.

The Ladies Aid society furnished the lunch at the Edgar Noble sale, northwest of Glenwood last week.

Red Cross Notes

Seventeen dollars were added to the Red Cross fund as the result of the lunch served yesterday to the high school students by the members of the Psi Chi Xi sorority, during the ten minute intermission period at noon. Ginger bread and sandwiches were served.

A special order for supplies for French base hospitals has been received by the surgical dressing department of the local Red Cross to be filled within a week and as a result the department which has been closed here for more than two weeks while the room was being redecorated will be opened again tomorrow afternoon.

Twenty-eight hundred pieces is the demand placed on the local organization to be completed in a week and in completing this number it will be necessary that all of the surgical dressing class workers spend every afternoon at the headquarters. The bandages must be completed in seven class meetings, including the Wednesday evening class when the women belonging to the night class are asked to make a special effort to attend.

FRESH EGGS OFF FIVE CENTS

Warmer Weather and Poultry Order Influences Retail Price

Cash groceries were advertising fresh country eggs at forty-five cents a dozen today and the Adams Produce company is paying forty cents for them wholesale. A week ago fresh eggs were retailing at sixty cents a dozen. The warmer weather is said to have had some effect on the price, and it is thought that the poultry order issued by the national food administration Monday, prohibiting the purchase of hens and pullets until May 1, may have influenced the price.

A marriage license has been issued to Miss Maude Louise Bungamen, daughter of Mr. and Mrs. E. L. Bungamen of Gings and Irvin H. Piper, son of Mr. and Mrs. E. J. Piper of Falmouth.

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with undigested foods, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

ADDITIONAL SOCIETY

(Continued From Page 6.)

The marriage of Miss Eva Gwynn, daughter of Mrs. Martha Gwynn of Anderson and R. J. Cullipher, professor of manual training in the local schools, was solemnized Sunday morning at the Christian church in Anderson when the ring ceremony was used. Mr. and Mrs. Cullipher returned to this city immediately after the ceremony and have gone to housekeeping at 224 West Fifth street.

Mr. Cullipher, whose home is in Anderson, has been engaged as manual training instructor here for two years..

The regular monthly meeting of the C. W. B. M. of the Sexton Christian church was held yesterday afternoon at the home of Mrs. Oris Winkler north of the city.

The scripture reading by the hostess was followed by the afternoon's lesson on Africa by Mrs. Maud Oldham. A reading was given by Miss Goldie Jackson and the Bible study and hidden answers were discussed by Mrs. Sarah Palmer and Mrs. Ethel Wright.

The next meeting will be held Tuesday, March 12.

Announcement of the marriage of Miss Mary Wilson, daughter of Mr. and Mrs. Bert Wilson, north of the city and Earl Davis of Union, West Virginia, has been made. The wedding was solemnized February 6, at the local Methodist parsonage with the Rev. Clyde S. Black officiating, but was kept a secret until today. Mr. and Mrs. Davis will go to Connersville to reside where Mr. Davis is employed.

The announcement of the approaching marriage of Miss Frances Stafford and Russell E. Goodrich of Shelbyville is of interest to a host of friends of the bride-elect in this city.

The announcement of the engagement was made at a luncheon yesterday and although the date for the wedding has not been set it will take place in the early spring.

Mrs. John T. Aikin will entertain the members of the Ladies Aid society of the United Presbyterian church at her home in West Seventh street tomorrow afternoon. The meeting was postponed from Tuesday afternoon.

Thirty four attended the meeting of the Epworth League Bible study class held at the home of Mrs. R. G. Budd in North Harrison street Monday evening. The next meeting will be at the home of Miss Marjorie Smith.

The Misses Helen and Esther Black entertained at their home in North Jackson street last night with an informal dinner party. The guests included Mr. and Mrs. Jack Knecht and Miss Nelle Baldwin.

Carl Spivey will celebrate his sixteenth birthday this evening by entertaining ten of his boy and girl friends at his home at 621 North Arthur street.

Miss Helen Scudder will entertain the members of the Thursday Afternoon Bridge Club at her home in West Second street tomorrow afternoon.

Mrs. Guy Mulbarger is entertaining the members of the Wednesday Afternoon Bridge Club at her home in North Jackson street this afternoon.

Mrs. Vincent Young will be hostess to the members of the Emanon Embroidery club tomorrow afternoon at her home in East Seventh street.

The regular meeting of the Pirate Bridge club will be held tomorrow afternoon with Mrs. Robert Tompkins at her home in East Seventh street.

Mrs. B. O. Simpson will entertain the members of the Auction Bridge club at her home in North Main street Thursday afternoon.

The Women's Relief Corps had a regular meeting this afternoon in the G. A. R. room at the court house.

Miss Lola Brachman is suffering from a slight illness.

PATRONAGE OF THE ROUMANIA IGNORES LIBRARY GROWING GERMAN'S ULTIMATUM

Conditions Contribute Much Toward
Arousing More Interest in it,
Report Shows

READERS ON THE INCREASE

4,011 Persons Patronize Library,
2,224 Books Being Taken Out
in January

Business at the local library was never better, according to the report made by Miss Mary Sleeth, head librarian at the meeting of the library board held in the library last evening. According to Miss Sleeth, interest in the war, the early closing hours of downtown places, and the calling off of entertainments because of the fuel situation have had a marked effect on the patronage both in the number of books taken out by readers and the increase in the numbers of readers.

Two thousand, two hundred and twenty-four books went out during the month of January. The condition of the weather preventing people in some localities from getting out and its effect on the patronage was evidently over-balanced by the fact that people had so few places to go and took a greater interest in reading. Monday is the big day at the library and people, whose places of business are closed on that day, take advantage of the library.

With 2224 books out during the month, an average of 97 went out daily. Eighty-eight new names were added to the list of those who have cards at the library during the month, making a total of 4,011 persons from Rush county who patronize the library.

In the list of new reference books which the board decided to add to the library are those which are noticeably of particular interest today. Agricultural reference books are prominent among the new ones. The particular editions have not been decided upon, but the subjects which the books will cover have been named. New biblical reference books will also be ordered.

The additions made to the list of periodicals include the New York Sunday Times and the supplement to the Scientific American.

At the meeting of the board, the regular bills were allowed and other matters of business importance to the library were decided upon.

Amusements

Variety is offered in the bill at the Gem theatre this evening. Harold Loyd stars in "Move On" and the film "Peace and Quiet" will be shown. Mystery entangles the plot of "The Hidden Hand," another News feature will be shown. Tomorrow, George Walsh stars in "The Yankee Way."

Lew Fields in "The Corner Grocer," to be shown at the Princess theatre this evening demonstrates that he is not only a great comedian but a wonderful character actor. In the role of Wendel, the corner grocer, in this production, Mr. Fields has a role that grips the sympathies of the audiences at once and holds them enthralled to the very end. Co-starred with Fields in this picture is dear, delightful little Madge Evans, the World's kiddie star. She appears as Mary, the little orphan, who grows up to love Ralph Wendel's son.

Tomorrow's offering is "The Princess of Park Row" starring Mildred Manning and Wallace McDonald.

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils,
Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, sniffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears. Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly. It's just fine. Don't stay stuffed up with a cold or nasty catarrh.

Will Survive or Perish With Allied
Cause, Says Message to
Minister Here.

IT MAY MEAN BALKAN DRIVE

(By United Press.)

Washington, Feb. 13.—Roumania has ignored Germany's ultimatum to conclude immediate peace.

According to a message to the Roumania minister here, Roumania has "disdainfully ignored Germany's threat and will survive or perish with the allied cause."

With Teuton divisions on one side, the Bolsheviks on the other and many miles away from a friendly force Roumania is fighting harder today than ever before.

Behind the decision of Roumania, military critics see the promise of an allied offensive in the Balkans. Without assurances of co-operation from the Salonika forces, Roumania would hardly be in a position to withstand a Teuton drive.

TRIUMPHS OVER THE GERMAN ARTILLERY

Americans Win in Gun Duel Which
Began Monday Sunset and
Continued All Night.

NO MAN'S LAND LIGHTED UP

(By United Press.)

American Army in France, Feb. 13.—American artillery triumphed over the Germans in the gun duel which began with Monday's sunset and continued all night.

It is not yet permissible to announce the object of the American firing, but the bombardment entirely accomplished its purpose. All night no man's land was almost as light as day. The unusually good visibility prevailing today brought out numerous allied and enemy aeroplanes.

NO DANGER OF FLOOD HERE

Flatrock Out of Its Banks Only at
a Few Places

Streams in many places in the state are at flood stage, but Flatrock, although higher than usual, is out of its banks only at a few points and there apparently is no danger of a flood. South of Rushville the river has flooded the lowlands in a few places. Today the ice which has been floating down, had entirely disappeared. The river has been carrying trees and other debris, indicating that it has been overflowing its banks north of here.

Here It is; The First Robin Has Been Seen

Everyone has been expecting it, but the glad news did not come until today that the first robin had been seen. Fearing she would be the object of the usual jokes about catching a glimpse of the first robin, the woman who telephoned the Republican this morning that she had seen one, requested her name not be used. She is ready to make affidavit, however, that the robins have been chirping in the trees near her house.

FEW ARE PAYING TAXES

Many taxpayers are paying their spring installment now. Taxes are being collected at the county treasurer's office at the rate of about \$2,000 a day. Many, especially those whose taxes amount to a large sum pay before the first of March to avoid paying taxes on the money.

LOCAL LEAGUE PRAISED

The Rushville Epworth League chapter of the Methodist church is highly praised in an article which appears in this week's issue of the Epworth Herald, the weekly publication of the Methodists for the League all over the country. A record of its accomplishments for the past few months are recorded.

—Mrs. Mary Cowan of Milroy visited in the city today.

Fits Your Farm

Does All
Farm
Work
Without
Horses.

See for yourself how well the Moline Universal Two-Wheel Tractor FITS YOUR FARM. It cultivates as well as plows. It works on plowed ground without packing the soil. It is as easy to handle as a team of horses. It gets close into the fence corners, turns short and backs with tools attached. It is a real one-man tractor. You ride on the tool where you can see the work you are doing. You don't have to have someone run the tractor while you operate the farm implement, and finally, it DOES ALL FARM WORK WITHOUT HORSES.

Costs Less Than 4 Horses Does the Work of 7 Horses

With all the advantages named above the Moline Universal Two-Wheel Tractor is also low in first cost and very inexpensive to operate. It costs you less than 4 good horses. When it comes to pulling it has the power of 5 horses and because it travels faster and never tires, it will actually do the work of 7 horses.

MOLINE ORIGINAL 2 WHEEL UNIVERSAL TRACTOR

will do anything you can do with horses and do it quicker, easier, better and with less hired help. Because all its weight is on two wheels—it has no dead weight to carry. All its weight is traction weight. It throws all of its weight into the pull. The tool you hitch it to forms the rear wheels. This gives two big advantages. FIRST: It does away with almost a ton of needless weight—which tractors of the 3 and 4 wheel types require. SECOND: It enables the operator to ride the tool instead of the tractor. In this way you can watch the work closely. You can turn short, get closer into fence corners than you can with a team and back with tools attached.

If you have an average farm of from 30 to 300 acres you will find this one-man, two-wheel, all-purpose tractor ideally fitted for your work. Don't buy any tractor until you have investigated the Moline Universal.

IS SWITZERLAND
NEXT ON PROGRAMPeople Are Asking Whether Treaty
of 1815 Will be Next "Scrap
of Paper"

INVASION IS MAPPED OUT

Hindenburg Masses Troops Against
French Right Flank With Vast
Supplies

(Copyright, 1918, by U. P.)

Zurich, Switzerland, Feb. 13.—After
Belgium—is Switzerland's turn
next?Hindenburg is massing troops
against the French right flank, with
vast stores of ammunition and many
guns. The people here are asking
whether the treaty of 1815 will be
the next "scrap of paper."Germans in Zurich are openly
boasting that Ludendorff could
smash the Swiss army in forty-eight
hours. The Prussians, while gorging
themselves on little republics, brag
they could occupy this city the first
day. They declare Switzerland's 1-
500 machine guns, sixteen-inch canon,
eighty batteries of three-inch
field guns and small stock of am-
munition is insufficient to cause
much trouble.They say there are only 100,000
troops under colors, and that of
these 45,000 are on the German border,
which could be swept aside and
France entered before the remainder
of the Swiss could be mobilized.
The consensus of opinion is that if
Hindenburg does not try to cross
Switzerland in an effort to turn the
French Flanders flank it will be be-
cause he considers that strategically
unwise.The Germans, it is reported, have
planned the invasion to the last de-
tail: even to the skeleton govern-
ments for the cantons (Swiss
states).At the trial of a number of sus-
pected spies at Vevy documents
placed in evidence named a certain
faiior as the mayor of a town on
Prussian occupation.Today Switzerland is struggling
valiantly not only to maintain its
neutrality, but for independence.German agents are threatening
the staunch republic with revolution,
hoping the revolution will spread
into Italy and France. The Prus-
sians boast that the German people
are better disciplined than the rest
of the world: that if revolutionary
doctrines are scattered broadcast,
other nations will succumb while
Germany will remain unscathed.Switzerland is swarming with the
agents of the Prussian war party.
Discussing the question of what the
Russian Bolshevik movement could
have hoped to accomplish in Swit-
zerland, France, Italy, England and
even America, the celebrated Jour-
nal de Geneve declared:"A great revolutionary wave, com-
ing from the orient and crossing
Germany, is now swirling at the foot
of the Alps. Concerted, methodical
internationalist agitations are grow-
ing in our cities. These tend to pro-
voke by violence a revolution which
from Switzerland would gain in
neighboring countries."The paper is one of the most sub-
stantial in Europe. The warning
was prompted by sensational devel-
opments of the last few weeks
throughout German Switzerland.Labor troubles are increasing.
Purely political strikes have already
occurred. Others are brewing. They

WILL M'GUIRE IS SAFE

Will McGuire, son of H. P. Mc-
Guire, has arrived safely in England,
according to a cablegram received
by his wife, which reveals that he
was not on the ill-fated Tuscania.
The cable said: "Safe, England. Un-
derstand Love."

WORKS HARD TO RAISE FUND

Capt. Van Egmond Out to Get Sal-
vation Army AllotmentRush county's campaign for the
raising of \$500 war fund for the
Salvation army is being carried on
enthusiastically by Captain Van Eg-
mond of the local branch of the Sal-
vation army. He is taking subscrip-
tions for the fund and a subscription
blank is at the People's bank where
anyone may leave a contribution to-
ward the cause. The call is being
over the entire nation to aid in car-
rying on the war work of the Salva-
tion Army, which is along the line of
the Y. M. C. A.WOMEN TO TAKE PART
IN LOAN DRIVE HEREPlans Are Being Perfected by Miss
Bohannon, Rush County Chair-
man of Campaign

WILL ATTEND CONFERENCE

Women will take a very active
part in selling Rush county's allot-
ment of Liberty Loan bonds in the
third drive, according to the plans
being made by Miss Anna Bohannon,
Rush county chairman for women's
work in the drive. A township wom-
an leader will be appointed in every
township in the county and she will
be asked to select her own helpers
in selling the bonds in her township.
Before the women start out on the
cavass, a local banker will explain
all the details in connection with the
bonds and their sales.The meeting of county women
chairmen has been called for Indi-
anapolis on March 6 and little of a
definite nature toward the women's
campaign will be done before that
time, when Miss Bohannon will hear
of the plans that have had greatest
success in other places in the pre-
vious drives. All of the women's
work will be in co-ordination with
the sale of the bonds as managed by
the banks of the city and the Boy
Scouts.CHRISTIAN CHURCHES
OF COUNTY TO MEETFifth Annual Conference Will be
Held at Milroy on March 1—
Prominent Speakers.

LAST OF SERIES IN STATE

The fifth annual conference of the
churches of Christ of Rush county
will be held at Milroy March first.
Representatives from all of the
Christian churches in the county will
be in attendance as well as a number
of state officers of the church and
church societies.The Rush county conference is the
last in the series of county confer-
ences being held all over the state,
beginning the fifth of February and
closing the first of March. Church
workers of the county are anxious
that it be slated as the best as well
as the last.Outstanding in the program, which
begins at 9:30 in the morning and
closes with the evening session, are
some of the Christian church's best
speakers in the state and foremost
workers. Mrs. Lyda B. Pearce, gen-
eral secretary of the C. W. B. M.
will give the principal address of the
afternoon on "The Five Year Pro-
gram of the Christian Women's
Board of Missions." Other well
known speakers are C. W. Canble,
corresponding secretary of the Indi-
ana Christian Missions association,
who speaks at both the afternoon
and evening sessions and G. I.
Hoover, state evangelist of the East-
ern District.The conference will take on the
form of a rally of the forces of each
of the county churches.HISTORIES TO GO
INTO EVERY STATEOrders Received for Booklets to Be
Issued by the Red Cross Indi-
cate This

COUNTY PRIDE IS AROUSED

Family Pride Also Means That Ev-
ery Person Should Appear As
Red Cross MemberOrders for the Rush county war
history, which will be issued by the
Red Cross, are coming in much fast-
er than anticipated by the leaders
of the movement. From those which
have been received, it is evident that
the booklets will be sent to every
state in the union.The question of county pride, as
well as family pride, has been raised,
and there is no doubt, in the opinion
of Red Cross workers boosting the
project, but that the people of the
county will respond to the appeal to
purchase the histories loyally.The fact that the histories will be
so widely distributed is added reason
why every person who wants to
appear to be with the country in win-
ning the war should become a mem-
ber of the Red Cross. The name of
every member of the society will ap-
pear in the booklet. This honor is
accorded no other war organization
in the county."When a former Rush county man
or woman gets a copy of the Rush
county war history, way out in Cali-
fornia," said Fon Riggs, head of the
recent membership campaign, who
proposed the issuing of the war his-
tory, yesterday, "the first thing they
will do is to turn to the roll of Red
Cross memberships and see if their
relatives and friends belong. In
fact, they will scan the whole list,
being acquainted in the county, to
find out who is doing his or her part
to help win this war.""The histories will be stowed
away as family treasures and will be
referred to often in the years to
come. Children and grandchildren
of men and women who should be-
long will go through that honor roll
many decades in the future to see if
father and mother or grandfather
and grandmother are counted there."The name of every member of the
Red Cross at the time the book is

WILL H. HAYS ELECTED
NATIONAL CHAIRMANHead of Republican Party in In-
diana Unanimously Chosen This
Afternoon

IS NOMINATED BY OPPONENT

(By United Press.)

St. Louis, Feb. 13.—Will H. Hays,
chairman of the Indiana republican
central committee, was unanimously
elected chairman of the republican
national committee here this after-
noon. No other name was placed be-
fore the committee.John T. Adams of Iowa, Hays'
chief opponent in the race for the
chairmanship, withdrew and placed
Hays' name in nomination. He an-
nounced his withdrawal at one
o'clock this afternoon.When Hays was not elected yes-
terday afternoon and the session
was adjourned until today, it was
predicted the crest of the Hays wave
had been reached and that he would
likely be unsuccessful.

TAKEN UNDER ADVISEMENT.

The replevin suit of the Burdell
Manufacturing Co. against Henry G.
Hackman, administrator of the es-
tate of Harry Sweet, for possession
of a threshing machine and \$200
damages was heard by Judge Sparks
in circuit court today and taken un-
der advisement.SCHOOLS LIKE THE
NEW THRIFT IDEAChildren in City Manifest Interest by
Asking Questions and Buying
War Stamps

CONDE MAKES BANNER SALE

Few Hours Sales in Mays School
Total \$116.12—New Committee
Does The Work"The school children all over the
city are showing a wonderful inter-
est and enthusiasm over the Thrift
Stamp and War Certificate idea,"
said Assistant Postmaster Charles
Brown this morning after address-
ing the pupils on this method of
saving and of helping Uncle Sam.
Following his talk, the children asked
a number of questions on buying
the stamps and their interest indi-
cated that a number of them would
start to be savers.Similar talks have been given by
Assistant Postmaster Brown at the
Graham school, the Graham Annex,
the Washington school and in the
near future he will speak to the
students at the Havens and Catholic
schools urging that they take up
with this method of saving. A num-
ber of the buyers of Thrift stamps
are school children.Bert Conde has made the banner
sale for any one carrier by selling
\$700 worth to one customer in one
day. This makes his record of sell-
ing the stamps \$1,892 since the tenth
of December. People are taking up
with the idea more and more of buy-
ing stamps of their carriers on the
regular routes.Partly through education as to
the way to buy the stamps and par-
tly through realizing the value of the
investment, persons are buying more
Thrift and war stamps every week.
The sales are gradually increasing
day by day, according to reports at
the postoffice.In connection with the county
drive in selling stamps, a war sav-
ings committee has been appointed
by County Chairman John A. Tits-
worth for Center township, com-
posed of Bert Benner, Guy McBride
and John Goode. The latter two
members after a few hours work in
the schools turned in \$116.12 Tues-
day evening to Postmaster McBride
at Mays.HEATLESS MONDAY
ORDER IS REVOKEDFuel Administrator Garfield Issues
The Rescinding Order This
Afternoon

WAS EXPECTED AT THIS TIME

(By United Press.)

Washington, Feb. 13.—The heat-
less Monday holiday order was re-
voked this afternoon by Fuel Ad-
ministrator Garfield.This rescinding order has been
anticipated because of the modera-
tion in the temperature for more
than a week and the order last week
lifting the heatless Monday order in
eight southern states.This leaves local business, both
manufacturing and mercantile, with
no restrictions whatever with the ex-
ception that retail merchants curtail
their use of electricity for lighting
purposes to that which is actually
needed for the conduct of their busi-
ness. This means that all amuse-
ment places will be open on Tues-
day, which was the day they closed
instead of Monday.

OFERNIO, TORPEDOED

(By United Press.)

Madrid, Feb. 13.—The steamer
Ofernio has been torpedoed, it was
reported here today. Thirty-seven
survivors are said to have been tow-
ed by the submarine and landed at
the Canary Island.

WASHINGTON AS A MASON

Pictured in Talk by Judge Will M.
Sparks Tuesday NightAn immense attendance marked
the meeting of the Phoenix lodge,
No. 65, of Free and Accepted Ma-
sons held in the temple last evening
when the members were addressed
by Judge Will M. Sparks, whose sub-
ject was "Washington—President
and Mason." The facts in the won-
derful story of this Mason's life
were pictured by the speaker who

was one in a series which have been
planned for the stated meetings of
the order.MAY ORGANIZE JUNIOR
RED CROSS IN COUNTYQuestion Will be Brought Up At
Monthly Meeting of Executive
Committee Tonight

CO-ORDINATE SCHOOL WORK

The question of organizing a Junior
Red Cross in Rush county will
be brought up at the monthly meet-
ing of the executive committee and
chairmen of the departments to be
held at the headquarters this even-
ing. The time between February 15
and February 22 has been set by the
national headquarters as that when
the Junior Red Cross cause should
be urged over the entire country
and school children should be en-
listed as members.All war activities in the school
will come under the one head of the
Junior Red Cross, according to the
plan, and the sale of Liberty bonds
Thrift stamps, Y. M. C. A. cam-
paign and all other patriotic enter-
prises will be managed under the
head of the Junior Red Cross. It is
altogether probable that a commit-
tee will be appointed at tonight's
meeting to take charge of this phase
of Red Cross and see that the move-
ment is carried in to every school in
the county. A number of other im-
portant matters will be brought up
at tonight's meeting.POPE CALLS WILSON'S
SPEECH "PEACE SEED"Vatican Believes Responsibility Has
Been Put Squarely up to Ger-
man Militarism.

EXPECTS AUSTRIAN REPLY

(By United Press.)

Rome, Feb. 13.—Pope Benedict
welcomed President Wilson's latest
address to the enemy and world as
"nourishing the peace seed which is
already sprouting," it was learned
in vatican circles today.The vatican believes the responsi-
bility has now been squarely put up
to German militarism which must en-
ter the president's declaration.The pope confidently expects early
replies from Austria's foreign min-
ister Czernin.

SEIGE PROCLAIMED IN KEIFF

Martial Law Began After Peace
With Central Powers

(By United Press.)

Zurich, Feb. 13.—A state of seige
has been proclaimed at Keiff, ac-
cording to dispatches received from
Lemberg today.Keiff is the capital of Ukraina.
The establishment of martial law
there which began immediately af-
ter a separate peace with the cen-
tral powers indicates by an out-
break of a revolution among the
people that the peace is not regard-
ed favorably by the masses.UNIFORMITY NEW
TAX BOARD SLOGANAutomobiles Are Listed in Three
Classes so That All Will be
Assessed Alike.

PRODUCTS AT MARKET PRICES

Cards Prepared to Assist Assessor
Arriving at True Valuation
of Personal Property.Instructions for farm products to
be taken at the market price, classi-
fication of automobiles so all will be
assessed alike and cards to assist
assessors in arriving at the true val-
uation of personal property are con-
tained in a form letter sent out to
county assessors by the state board
of tax commissioners, which has
adopted as a slogan uniformity in
taxing property this spring.Henry Schrader, Rush county
assessor, had not received the in-
structions this morning, but they will
arrive in a few days and he will then
study them and be prepared to give
information to the township assess-
ors. The township taxing officials
will be called together the last Sat-
urday in February, the twenty-third,
to receive their supplies and instruc-
tions. They will begin work March
1st.Uniformity all over the state is the
slogan of the tax board this year as
never before. One of its first steps
along this line was to prepare a
schedule of assessment standards
for automobiles. After consulting
with automobile manufacturers, an-
nual insurance companies, as-
sessment officers and owners and users
of machines, the board arrived at the
conclusion that inexpensive ma-
chines deteriorate less in early use
and more in later use and that ex-
pensive machines deteriorate more in
use and less in later use. Then is
issued the schedule and placed in
Class 1, cars costing less than \$700;
Class 2, cars costing \$700 to \$1800,
inclusive; Class 3, cars costing more
than \$1800.The true value of the cars is ar-
rived at as follows:

Class One.

First year of use, 80 per cent of
original cost; second year of use,
70 per cent of original cost; third
year of use, 60 per cent of original
cost; fourth year of use, 50 per
cent of original cost; fifth year of
use, 40 per cent of original cost.

Class Two.

First year of use, 75 per cent of
original cost; second year of use, 65
per cent of original cost; third year
of use, 55 per cent of original cost;
fourth year of use, 40 per cent of
original cost; fifth year, 25 per cent
of original cost.

Class Three.

First year of use, 75 per cent of
original cost; second year of use, 70
per cent of original cost; third year
of use, 60 per cent of original cost;
fourth year of use, 50 per cent of
original cost; fifth year, 25 per cent
of original cost.The true values fixed in the above
table are subject to the customary
discount of 25 per cent for equaliza-
tion purposes. Motorcycles are sub-
ject to the same rules for determi-
ning value and to the same discount
for equalization.The suggestions turn to the evalua-
tion of such staple products as
wheat, corn, rye, oats and the like.
On this subject the instructions
state:"There should be practical uni-
formity here, for the local market
prices (what dealers are paying) on
March 1, less 25 per cent for equal-
ization, should be the absolute rule.
Irregularities here will not be over-
looked by this board, and unless cor-
rected by boards of review may sub-
ject a whole county to a horizontal
increase, the responsibility for which
must rest upon the local assessing
officers. The item of corn is an un-

CAMPAIGN EXTENDED OVER REST OF WEEK

Because of Number of Calls For
Smileage Books, This Announce-
ment is Made

SELL FOR A DOLLAR A BOOK

Because of the number of calls for
the Smileage books and the enthu-
siasm with which boys in the training
camps are taking up with the idea,
the Smileage book campaign has
been extended over the remainder of
this week. In the books, which sell
for one dollar, are twenty coupons
which may be used for seeing the
good shows and vaudeville bills that
are to be staged in every training
camp in the country.

Friends of the soldiers are asked
to buy the books and remember the
Sammys with them so that they may
attend the plays. Some of the coun-
try's best known theatre managers
are behind the scheme to schedule
good plays for the camps. The books
are on sale at the Pitman and Wil-
son drug store.

COMMENTS ON PEACE TERMS

Italian Premier Says They Affirm
Earlier Formed Plans.

(By United Press.)
Rome, Feb. 13.—Premier Orlando
addressing parliament, declared cen-
tral powers in their recent peace de-
mands have "affirmed nothing" but
the most obstinate determination to
carry out a previously formed plan
of imperialistic domination.

The premier declared Italy is fac-
ing a dilemma in that she is now ex-
posed to invasion from both land
and sea.

Mother's Cook Book

Just being happy is a fine thing to do.
Looking out the bright side, rather than
the blue.
Sad or sunny musing is largely in the
choosing.
And just being happy is brave work and
true.

Food for the Family.
To save meat we must use more
poultry, rabbits, fish and other sea
food as our army, the armies of our
allies, and the women and children
"over there" must have food, and there
can only be food enough if America
provides it. If each person in the
United States saved one pound of
sugar a year it would make 50 train
loads of 50 cars each, each car carry-
ing 50,000 pounds of sugar; that would
help some in supplying the demand for
sugar, would it not? Let us not for-
get that a very small bit multiplied
by a hundred million is enormous in
result, that it leaves us stunned with
its magnitude.

UNIFORMITY IS NEW SLOGAN OF TAX BOARD

Continued From Page 1

certain one this year, owing to the
condition of the crop, and will re-
quire special attention when it comes
to determine value.

On assessing personal property of
farmer and household the board
prepared cards to assist the assessor
in arriving at a correct valuation of
each principal farm implement and
of each principal household furnishing.
Thus the board seeks to dis-
courage the common practice of
"jumping off" the property.

A popular idea about the taxabil-
ity of shares in building and loan as-
sociations may be changed some-
what by the following from the
board's instructions on the subject:
"Shares in building-loan associa-
tions are taxable to the owners. As-
sociations themselves are exempt
from taxation, except on their real
estate. Building-loan shares on
which loans have been made are ex-
empt from taxation, but other shares
whether paid up or running shares
are taxable to the holder. Every per-
son who puts money into an asso-
ciation of this kind is a stockholder
and his holdings should be listed ac-
cording to the value of his invest-
ments."

Stocks in foreign and domestic
corporations and the method to be
employed in assessing them and cor-
porate property as dealt with as
follows:

"Attention is also called to shares
of stock in foreign corporations and
domestic corporations conducting
their business outside the state. All
such stock is assessable to the hold-
er. A foreign corporation is defined
as one which takes out its charter
in another state although it may
conduct its business in this state. A
domestic corporation is defined as
one which takes out its charter in In-
diana, but may conduct its business
in another state. All stock in a for-
eign corporation is assessable to the
holder of the same, regardless of
where the company does business but
stock in a domestic corporation is
not assessable to the holder, unless
the company conducts its business
outside the state."

In closing the board fixed the time
for the township assessors to report
to county assessors with the follow-
ing statement:

"Township assessors should report
as usual to county assessors the av-
erage of certain classes of personal
property on the following dates:
March 9 and 23 and April 6. From a
compilation of these reports the
county assessor should report to the
state tax board not later than March
15 and 29 and April 12."

The Oil-Burning Lamp.

Great were the struggles of the pio-
neers in the oil industry—many were
the problems to be solved. At first,
the most important use to which the
oil was put was an illuminant. The
objection to it, however, was that it
was too dangerous and had too strong
an odor. This necessitated the devel-
opment of a suitable oil lamp, result-
ing in the invention of the lamp globe
which consumed the smoke and gases,
giving a clear, bright, odorless light.
This same oil lamp today is serving

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg
Breast Tea, or as the German folks
call it, "Hamburger Brust Tee," at any
pharmacy. Take a tablespoonful of the
tea, put a cup of boiling water upon
it, pour through a sieve and drink a
teacup full at any time during the
day or before retiring. It is the most
effective way to break a cold and cure
grip, as it opens the pores of the skin,
relieving congestion. Also loosens the
bowels, thus driving a cold from the
system.

Try it the next time you suffer from
a cold or the grip. It is inexpensive
and entirely vegetable, therefore safe
and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with
a small bottle of old honest
St. Jacobs Oil

When your back is sore and lame
or lumbago, sciatica or rheumatism has
you stiffened up, don't suffer. Get a
25-cent bottle of old, honest "St. Jac-
obs Oil" at any drug store, pour a
little in your hand and rub it right
into the pain or ache, and by the time
you count fifty, the soreness and lame-
ness is gone.
Don't stay crippled! This soothing,
penetrating oil means to be used only
once. It takes the ache and pain right
out of your back and ends the misery.
It is magical, yet absolutely harmless
and doesn't burn the skin.
Nothing else stops lumbago, sciatica
and lame back misery so promptly!

Plates are driven from
the slow moving rear axle
and are entirely self-
cleaning.

Change drop
instantly with-
out changing
plates or stop-
ping the team.

No clutch on
the drill shaft.
No small weak
clutch to wear
out or pound
loose.

Chambered
axle box
felt lined,
prevents
side from
running
dry.

Nothing will do your planting as well as
this Planter. See it demonstrated.

E. A. LEE

Public Sale

We, the undersigned, having decided to quit farming, will make a Clean-up
Sale of all our personal property at auction at our present residence, 3 miles
northeast of Rushville, 5 miles northwest of Glenwood, and 4 miles southwest
of Gings on what is known as the Coleman farm on

THURSDAY, FEBRUARY 21, 1918

SALE TO COMMENCE AT 12:30 P. M. SHARP.

The Following Property

6 Head of Horses 6
1 bay gelding 7 years old, weight 1650, sound, not a better broke one any-
where you hitch him; if you are looking for a real gelding he is it. 1 roan draft
gelding 3 years old, broke to work anywhere. 1 grey mare 11 years old,
weight 1500, sound and good worker. 1 brown mare 12 years old, extra
good user. 1 roan mare 8 years old, sound, good broke, single or double,
great farm mare. 1 yearling roan colt. The above named horses are just as
good or better than described and anyone looking for a high class farm mare
or gelding should attend this sale, as this stuff will be just as we sell it or you
don't own it, so you are taking no chance.

4 Head of Cattle 4
1 Jersey cow 6 years old, will be fresh by day of sale, a great butter cow;
1 Shorthorn cow 6 years old, will be fresh in April; 1 yearling Jersey heifer;
1 yearling Shorthorn steer.

FARM IMPLEMENTS—2 farm wagons, one good as new, one flat bed,
one box bed; 1 manure spreader in extra good shape; one Deering binder, good
shape; 1 Oliver riding break plow; 2 walking break plows; 1 two-row corn
plow in good shape; 1 one-row National corn plow, good; 1 Black Hawk
corn planter in good shape; 1 spring-tooth harrow; 1 steel roller; 1 one-
horse wheat drill; 1 gravel bed; one buggy; 1 full line of work harness; 1
DeLaval cream separator, used less than 6 months, just as good as new;
1 gas range and many other articles too numerous to mention.

TERMS OF SALE—All sums of \$10.00 and under cash; above that
amount a credit without interest until September 1, 1918, will be given. Pur-
chaser to execute note that meets with the approval of the clerk. Absolutely
all settlements to be made with him. A discount of 3% for cash. Nothing
to be removed until settled for.

AARON FOSTER & SON

DUSTY MILLER, Auctioneer. L. R. WEBB, Clerk.

Public Sale

I, the undersigned, will sell at public auction at my residence, located six
and a half miles northeast of Rushville, one and a half mile west of Gings,
on the farm known as the Timothy White land, on

FRIDAY, FEBRUARY 22, 1918

SALE TO COMMENCE AT 10:00 A. M.

Sale to be Held Under Tent.

8 Head of Horses 8
Consisting of 1 bay mare, 13 years old, in foal, good worker; 1 six-year-
old mare in foal and a good worker; 1 gelding coming three years old,
broke; 1 mare 7 years old, work anywhere; 1 smooth month mare, good
worker; 1 5-year-old mare, in foal, good; worker; 1 eight-year-old mare,
good worker; 1 black pony, a good driver and rider.

17 Head of Cattle 17
Consisting of 1 Shorthorn cow with second calf, he fresh in May; 1 roan
cow with calf at side, 7 years old, a good cow; 1 Jersey cow, six years old
with calf at side; this is out of an imported dam and sire; 1 Jersey cow,
six years old; been fresh about six weeks; 1 Jersey cow 5 years old;
six years old; 1 Jersey cow, six years old, will freshen in April; 1 Jersey
cow, 7 years old, will freshen in April; 1 Jersey heifer two years old, will
be fresh in April. The four cows last described are the dams of the Lam-
bert cow, that was a good producer; 1 Jersey cow, four years old, been
fresh about six weeks; 1 Jersey cow four years old, will freshen in May,
out of a registered sire and dam; 1 Jersey cow six years old, will freshen in
May; 3 yearling Jersey heifers; 3 Jersey calves in the summer of 1917. The
above Jerseys are all pure bred and high testing cows and are being sold
because I will have no pasture.

29 Head of Hogs 29

amount a credit until December 25, 1918, will be given without interest,
purchaser to execute note that meets the approval of the clerk. A dis-
count of 5% will be given for cash. Nothing to be removed until terms are
complied with.

J. H. WRIGHT AND OTHERS

MILLER and GARR, Auctioneers. L. R. WEBB, Clerk.

Lunch will be served by the Aid Society of the Sexton Church.

IF YOU could plant every hill of corn on
your farm by hand you would add hundreds
of dollars to the value of your corn crop. Yes,
sir, accurate planting would mean 20 to 30
more perfectly planted hills out of every 100!
Would mean 7 more bushels from each acre!
Would mean \$350.00 extra profit from each 40
acres you planted.

You can have this accurate planting. - You
can get it in the J. I. Case!

Drop in any day and see this planter! See
what its wonderful accuracy means to you in
bigger crops and more profits—how it actually
pays its cost several times over the first year
you use it!

See It Demonstrated By
E. A. LEE

PUBLIC SALE

We, the undersigned, will make a dissolution of our personal property, a
Clean-up sale, at the P. A. Miller farm, five miles southwest of Rushville,
five miles northwest of Milroy, 5 miles southeast of Homer, on

MONDAY, FEBRUARY 18, 1918

SALE TO COMMENCE AT 12:30 P. M. SHARP

Sale to be Held Under Tent Regardless of the Weather.

5 Head of Horses 5
1 brown mare, weight about 1400 pounds, extra good user. 1 good work
mule. 1 black driving horse, extra good colt. 1 pair grey mares, 5 and 7
years old, weight 1650 and 1750—a great pair of mares.

4 Head of Cattle 4
Consisting of one extra good Jersey milk cow, due to be fresh by date of
sale; we think as good a milk cow as there is in the county. 1 extra good
Shorthorn milk cow, due to freshen later. 2 yearling Shorthorn heifers.

80 Head of Hogs 80
Consisting of 20 head of double immuned Big Type Poland China sows, due
to farrow in March; we think as good a bunch of brood sows as will be sold
at any farm sale this winter. 1 coming two-year-old Big Type Poland China
male hog, the pig we gave \$205 for at four months of age, at the Robbins
Brothers sale. 60 head of feeding hogs ranging in weight from 50 to 175
pounds.

500 BUSHELS OF GOOD YELLOW CORN IN CRIB
12 INDIVIDUAL HOG HOUSES

FARMING IMPLEMENTS—Consisting of 2 one-row corn plows, almost as
good as new; work harness for two horses; one set of new buggy harness.

TERMS OF SALE—All sums of \$25.00 and under, cash. On above that
amount a credit without interest until December 25th, 1918, will be given.
Purchaser to execute note that meets with the approval of the clerk. Ab-
solutely all settlements to be made with him on day of sale. A discount of
5% given for cash. Nothing to be removed until settled for.

—Mr. and Mrs. Gregory Thompson of Indianapolis were the guests of friends in this city yesterday. They left this morning for Cincinnati where they will spend the remainder of the week visiting friends.
—Mrs. William Hitt and her sister, Miss Josephine Bacon of Maysville, Ky., went to Indianapolis this morning and made a short visit with Mrs. Hitt's daughter, Miss Katherine Hitt, a student in the Central Business college.

"COMFORT SPOTS" AND "COZY CORNERS" FOR THE FIGHTERS

"Comfort spots" and "cozy corners" are the by-words of the many church organizations working to make the soldiers fighting on the western front more comfortable when they are sent behind the lines to rest up from their trench duties. Numerous tents with plenty of nice fuzzy blankets to warm up the troops, and wooden huts have been set up, to get the men back into shape and to make them feel at home. These "comfy" spots are situated not a great distance behind the lines, but they are not within the range of gunfire.

TRIES ONCE MORE TO WHIP UP CONGRESS

President Wilson Confronted With Difficult Task, With Senate at Standstill.

CHAMBER DESERTED DAILY

(By United Press.)
Washington, Feb. 13.—President Wilson today tried again to whip up congress now suffering from "string halt."
Beginning the new program to confer with members of the house and senate on legislation the president was confronted with a difficult task.
The senate particularly is apparently at a standstill, holding up heated war measures while its members devote hours to debates of no importance. The chamber is deserted practically most of the time.
Sen. James, Kentucky, has announced an address for tomorrow on "America and Her National Defense."

WISDOMS WILL GO INTO EVERY STATE

Continued from Page 1.
put to press will be printed. Those who do not want future generations, or their friends living away from here, to think they are slackers, should come into the Red Cross now because it will not be long until the first copy will be sent to the printer.
Copies may be subscribed for at practically every store in Rushville. They must be paid for at the rate of 25 cents each because that is the only way the cost of the enterprise can be met.

ALL WEALTH TO REGISTER

Day Will be Set For All Subject to Income Tax.
Washington, Feb. 13.—The first steps toward actual registration of wealth in the country will be taken soon. Representative Howard, Georgia, has drawn a measure authorizing the collector of internal revenues to name a day upon which all the people in the country subject to income tax shall register the total of their moneyed possession and other valuables coming under the income tax law.
Oneal Brothers have filed suit in circuit court against William and Rosa Emsweller, Henry C. Doles and the Clarksburg state bank on an account for attachment and garnishment, demanding \$600.

IS SWITZERLAND NEXT ON PROGRAM?

Continued From Page 1
are all inspired by foreigners, not belonging to allied countries.
The latest menace came from the Radical laborites, foreign led, in the form of an ultimatum demanding withdrawal of certain war measures, immediate release and indemnification of deserters who are forced to work and complete demobilization of the army by May 1. The laborites declared that if within forty-eight hours after the ultimatum was ratified by labor unions and Socialists, the terms were unheeded, a general strike would be called.
The best element of labor is generally against the ultimatum, but German agitators, aiming at a revolution, are busy day and night.
Meantime German troops are gathering near the Swiss border. All true Swiss are crying a warning demanding:
"What is the connection between the menace of a Swiss revolution and Hindenburg's offensive?"
George Helm filed suit in circuit court against Miss Bertha Helm for partition of real estate.

She Ought to Know.
"Say, pop," queried Robert, "are all the words in the dictionary?"
"No, not all," replied the father. "They are making new ones every day."
"Well, what is the newest one?" continued the boy.
"I don't know. Ask your mother."

—Mrs. Harry Wyatt spent the day in Indianapolis.

Mostly Highly Recommended Kidney Preparation

Your Swamp-Root is a splendid seller with us and must give good satisfaction to its users or my customers would not buy it repeatedly. It is a very valuable medicine to sufferers of catarrh or inflammation of the bladder and in liver trouble and rheumatism it has been very beneficial. I take pleasure in recommending Swamp-Root because I feel that it possesses merit in the troubles for which it is intended.

Very truly yours,
J. J. BUNDY, Druggist.

Aug. 1, 1916. Thompsonville, Illinois

Prove What Swamp-Root Will Do For You

Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample size bottle. It will convince anyone. You will also receive a booklet of valuable information, telling about the kidneys and bladder. When writing, be sure and mention the Rushville Daily Republican. Medium and large size bottles for sale at all drug stores.—(Adv.)

CHIROPRACTIC

SUIT-NEW BUT HOLE IN SHOE

Bad Teeth Like Bad Shoes
Spoil Fine Dress and
Good Looks

PEOPLE NEGLIGENT IN CARE OF MOUTH

Senreco Tooth Paste Powerful To Save the Teeth and Prevent Diseases

"All dressed up with a hole in his shoe," was a bit of sarcasm a girl flung at a young man friend whose entire outfit was new except his punctured shoes. Right enough, too. Either to man or woman a shabby pair of shoes would spoil the appearance of the most elegant garments ever worn.

What about the teeth? Dress in all the finery you please, if you open your mouth exposing a decayed set of teeth your attractiveness ends right there. That's a hole in the shoe for you. This applies both to men and women. Girls, and young men, you lose half the admiration which would be directed toward you if you have bad teeth. You can't be pleasing with a mouthful of decay. You can't be healthy either. The condition of the teeth has a telling influence on other organs of the body. Bad teeth affect the intestines, stomach, heart, and even the eyes. Medical science shows that bad teeth produce unhealthy conditions all over the body.

With Senreco Tooth Paste at your service—a scientifically prepared preventive of pyorrhea—there's no need of taking a prey to these ills. No need of having a mouthful of decayed teeth. Used regularly on a set of good teeth the deadly germs have little chance to enter. If they should enter they can't exist long under its thorough cleaning properties. As a cleanser and preventive of disease of the teeth it is positively reliable. Advanced cases should be treated by your dentist.

Use Senreco Tooth Paste as a preventive. Ask your dentist if you should not pay all attention to your teeth. Of course we won't say it. Senreco Tooth Paste will cure pyorrhea. If you already have it, your dentist is the doctor. Even if you are afflicted with his terrible dental disease, Senreco Tooth Paste will help you to get rid of it with your dentist's assistance. But we don't want you to contract any ailment of the mouth and teeth, nor do we want to send the doctor a preventive is far better than to have to go through the trials of a cure. Save your teeth by Senreco Tooth Paste and the probability is that you can avoid all dental and oral diseases. By taking excellent care of your teeth you may save stomach, intestinal, heart and eye troubles. Make all preparations to keep the teeth and mouth clean with Senreco Tooth Paste, the latest discovery of dental science. Sample of Senreco Paste if you wish it. Senreco Tooth Paste, Cincinnati, Ohio.

Politicians Not Slackers

A dispatch from Jeffersonville says the chairman of the County Council of Defense there is trying to determine whether or not politicians are slackers. We know nothing of the conditions at Jeffersonville, but it is safe to say that in the average community politicians are not slackers.

They are not slackers in Rush county. The politicians have done their share of the work. Many of them have taken a leading part in the Red Cross, Y. M. C. A., Liberty Loan and other war measures. They are the men to whom amateur organizers turn because of their organizing ability and their tact and experience.

In the recent Red Cross membership drive in Indianapolis, the man at the head of the campaign called in every ward leader of both the democratic and republican parties and called on them to do their bit. They did it to a man without a whimper, and it was well done. The Indianapolis police department was also employed to get Red Cross memberships and everyone came up to expectations.

Politicians as a rule are not slackers. By reason of their own attitude some newspapers have caused a sort of odium to attach to politicians. Of course, there are crooks and dishonest men among them as a class, but it is doubtful if the percent of dishonesty is any greater among them than any other class of individuals. We need politicians to carry on our government in its present form. So long as we govern by political parties there will be politicians—the men in the trenches who do the work—many of them without any regard or any thought of it.

Is This German Devilry?

Rumors rife in Indiana the last few weeks that poisonous pollen had been placed in small grain seed supplies or would be put in them before planting time the coming spring by German plotters has caused considerable stir among farmers of the state. While botanists in the Agricultural Experiment Station of Purdue University scout the theory of pollen being spread in the oats or other small grain seed, they state that snout or other disease germs might be mixed in seed stocks with disastrous effects. Several serious plant diseases exist in Germany, which are not found in this country and these might be introduced in this way.

He Removed the Danger Signal

"I suffered a long time with a very bad backache," writes Fred Smith, 221 West St., Green Bay, Wis. "A few boxes of Foley Kidney Pills completely relieved me of all soreness and pain in the back and now I am as strong and well as ever." "One cannot help becoming nervous and feeling tired and worn out when the kidneys fail to filter and throw out of the system the poisonous waste matter which causes kidney troubles and bladder ailments." "Backache is one of Nature's danger signals that the kidneys are clogged up and inactive. It is often followed by rheumatism, annoying bladder or urinary disorders, puffiness under the eyes, swollen ankles and painful joints." "Foley Kidney Pills get right at the source of your troubles, they investigate the cause of the trouble, they act on the kidneys, they promote the normal function of the kidneys, they remove waste matter as it is eliminated from the system."

DAY NOT OBSERVED WITH ANY PROGRAMS

Anniversary of Lincoln's Birthday
Passes with Reference to It by
School Teachers

MAY OBSERVE WASHINGTON'S

Lincoln's birthday passed quietly in the Rushville schools yesterday and aside from short talks by the teachers and students in the various class rooms no special mention was made of the birthday of "The Emancipator."

Because of the short recitation periods, due to the fuel conservation program, the school authorities are endeavoring to use every minute of the time in school to complete the regular schedule and for this reason there was no formal program, especially among the high school students as has been the custom for a number of years. If the regular hours are resumed before February 22, however, the schools are planning a Washington demonstration.

Here's Where The Fun Comes In

The proprietor of a local store who contracts to do interior decorating and wall-papering, sent a clerk out in a machine yesterday with paper-hangers to fill a contract in the country near Rushville. The proprietor explained the location of the house explicitly—it was the first house beyond a certain house which the clerk presumed to know.

Yesterday evening the proprietor received a call to come out after the machine bearing the paper-hangers because it was stuck in the mud. He went to the place where the men were sent but there was no sign of them having been there or having done any work. He went on to the next house and found the paper-hangers had papered one big room and half of another in the wrong house. Today the men were finishing up the room not completed yesterday, and then were going to be sure they started on the right house.

The proprietor explained the house to be papered had a grate in the front room. Well, the room which they papered had a grate in it. They followed instructions all right.

FOOD LICENSE REVOKED.

(By United Press.)
Washington, Feb. 13.—The food license of the Weiner Fruit and Produce company, Ft. Wayne, Ind., today was ordered revoked by the food administration, effective February 23d.

country in this way, the botanists said.

These diseases could not be detected on the seed by an ordinary examination and the only way to guard against the chance of this deadly work by Teutonic plotters, if they have been busy in this or any other state, would be to treat the seed as it is treated for snout prevention under directions of the local county agent or Purdue University.

Investigations are under way to determine the source of these rumors, but to be safe, every farmer is urged to take precautions in buying his seed oats this spring and to see that all of it is treated properly with formalin to overcome, before the seed is put into the ground, any German devilry.

Buy Thrift Stamps. They make you money and your action helps the Government. It's the same spirit that made you buy Liberty bonds and if you couldn't afford them you can certainly afford a quarter to start this. See your postmaster.

Since the snow has melted off the streets, automobile drivers will have a good chance to try out Mayor Irvin's orders to park automobiles parallel with the curb and not less than five feet apart.

TO BE OPENED FOR NURSE'S TRAINING

Vassar College Will Give Three
Months Intensive Course This
Summer

RED CROSS TO SPEND \$18,000

Vassar College, its campus and magnificent equipment will be opened this summer for a three months intensive course for nurse's training. The idea has been accepted enthusiastically by Red Cross, which will spend a fund of \$18,000 for equipment and expenses. Women who have graduated from any college affiliated with the Association of Collegiate Alumnae within the past ten years or to be graduated this spring will be eligible to enter the nurses' training course at Vassar.

The plans will take more definite form soon when college graduates all over the country will be urged to take advantage of this excellent offer to procure training as a Red Cross nurse for immediate service. Announcement of Vassar's plan was made by Mrs. Krull, president of Indiana's Vassar club, at the meeting of the Press Club held in Indianapolis yesterday.

Days Pickings

Lieutenant Edwin G. Watson, son of Senator and Mrs. James E. Watson, who entered the service as second Lieutenant in the regular army and was stationed at Fort Leavenworth, Kansas, and later transferred to Camp Taylor, Ky., has been promoted to the position of First Lieutenant and transferred to the Signal corps cantonment at VanCouver, Wash.

An immense crowd attended the sale given on the farm of John Osborne south of the city yesterday. The sum of \$5,900 was taken in, the largest sale being a team of geldings at \$512.30. The Willing Workers of New Salem served lunch at noon.

Mrs. S. D. Lawson of this city has received word that her brother, Ace Swords of Greenfield, was injured in an accident there yesterday. The nature of the accident or extent of his injuries is not known.

Howard Brecheisen, with the aviation service in San Antonio, Texas, has recently been transferred from Kelly Field one to Kelly Field three, and is expecting to be sent east soon.

Miss Dorothy Beaver, granddaughter of John Humes south of the city, is suffering with an attack of appendicitis.

Mrs. Carrie Hotrell is suffering with an attack of gall stones at her home in West Second street.

Mrs. Russel Baker of Falmouth who recently underwent an operation at the Dr. Sexton Hospital is reported to be improving nicely.

A new roof is being put on the city building.

TIRED, NERVOUS HOUSEWIFE TOOK VINOL

Now She is Strong and Well

Berkeley, Cal.—"I was nervous, irritable, no appetite, could not sleep, and was always tired, so my housework was a great effort. After many other medicines had failed Vinol built me up and made me strong. I have a good appetite and sleep well. Every nervous, weak, ailing woman should try it."—Mrs. M. Edwards, 2104 Dwight Way, Berkeley, Cal.

"We ask every nervous, weak, run-down, ailing woman in this town to try this cod liver and iron tonic on our guarantee to return their money if it fails to help them."

Y. E. JOHNSON & CO., Druggists, Rushville, and at the best drug store in every town and city in the country.

CALLING MEETING
Phoenix Lodge No. 62, P. A. A. M., will have a calling meeting tonight when there will be work in the 3rd degree. Visiting brethren will be welcome.

RUSHVILLE SHOWS REVERSAL OF FORM

High School Basketball Team Loses to Fast Technical Five of Indianapolis, 28 to 7

SCORES 1 POINT FIRST HALF

Visitors Put up Best Brand of Basketball Seen on Local Floor This Season

Rushville high school basketball team showed a complete reversal of form, after beating Richmond last Friday night 38 to 22, by losing to the strong Technical high school quintet of Indianapolis last night at the Graham Annex gym by the score of 28 to 7.

The visitors put up the best brand of basketball seen here this season and their claim to the state championship honors is based on something substantial because they have a team. Local fans were hopeful of a victory or even a better showing than Rushville made, but they realize that Technical high school had the best bunch of basket tossers who have played in Rushville this year.

Rushville's poor showing was partly due to the stiff opposition, but the playing of the team was not as snappy as last Friday night when they played rings around Richmond both at hitting the basket and in team work. Rushville apparently had no team work at all last night, but the fact that there was an opponent

Eats Anything She Wants Now

Indianapolis Woman Tells How Tanlac Put Stomach Back In Shape

"One bottle of Tanlac fixed my stomach up so that I can eat anything I want without any bad after effects," said Miss Mary Fisk, 833 North Illinois Street, Indianapolis. "My stomach had been out of order for a long time," she continued, "I was always bothered with gas forming in my stomach after eating and I got bloated. Sometimes I had a smothered feeling. If I ate rich food or ate supper later than usual it would be several hours before I could get to sleep that night. "I heard so much about Tanlac that finally I tried it. The first bottle helped my stomach. I have improved so much now that I can eat anything I want without bad after effects. "I think a person ought to tell others about such a medicine and so I recommend Tanlac."

If you are not feeling right get Tanlac today. Delay in health matters is dangerous. You can get Tanlac at F. E. WOLCOTT'S drug store. (Adv.)

Notice of Administration

Notice is hereby given that the undersigned has been appointed by the Judge of the Circuit Court of Rush County, State of Indiana, executor of the estate of Susan J. Russell, late of said county, deceased.

CREDIT GIVEN FOR WHEAT SUBSTITUTE

If No Wheat Flour Is Purchased at Same Time Substitutes Are Bought.

THE PLAN IS FIFTY-FIFTY.

Indianapolis, Ind., Feb. 13.—Consumers will be permitted to take credit for purchases of wheat flour substitutes in cases where no wheat flour is purchased at the same time. This is Dr. Harry E. Barnard's ruling on a point submitted by a grocer, who promising that he would keep a check on sales to guarantee the fifty-fifty plan of selling wheat flour and substitutes would be observed. Dr. Barnard approved the idea of another retailer who has had printed small cards, which are punched with each sale of wheat flour or substitutes. The sale of either or both are refused except that the customer co-operate by presenting a card.

Complaints persist that no adequate supply of substitutes is available to equalize the demands for wheat flour and in all such cases, Dr. Barnard emphatically insists that wheat flour purchases be reduced, so that an equal amount of substitutes can be distributed. It is believed by Dr. Barnard that the supply of substitutes will very shortly be sufficient to care for all wheat flour sales.

on a Rushville man every time he got the ball cut down the chances for displaying their usual form.

Rushville was literally overwhelmed the first half, narrowly escaping a shut-out. Keating contributed the lone marker by throwing a foul goal. Technical scored seventeen points in the first half.

When they did get a shot, Rushville players could not hit the basket. It is true that most of their shots were difficult ones, but all kinds were made against Richmond last Friday night.

On paper Technical, before the game, was no better team than Rushville, but they proved their superiority in the early stages of the contest. The game was fiercely contested every inch of the way, rough tactics being used by the players on both teams. The summary:

Technical (28)	Rushville (7)
Brewington Forwards	Keating
Shields	Brown
Cox	Center
Wagner	Guards
Seidensticken	Reed
	Norris

Field goals: Technical—Brewington, 1; Shields, 5; Cox, 6; Rushville—Keating, 2; Daily, 1. Foul goals: Technical—Brewington, 4; Rushville—Keating, 1. Tompkins went in for Brown at forward near the middle of the last half.

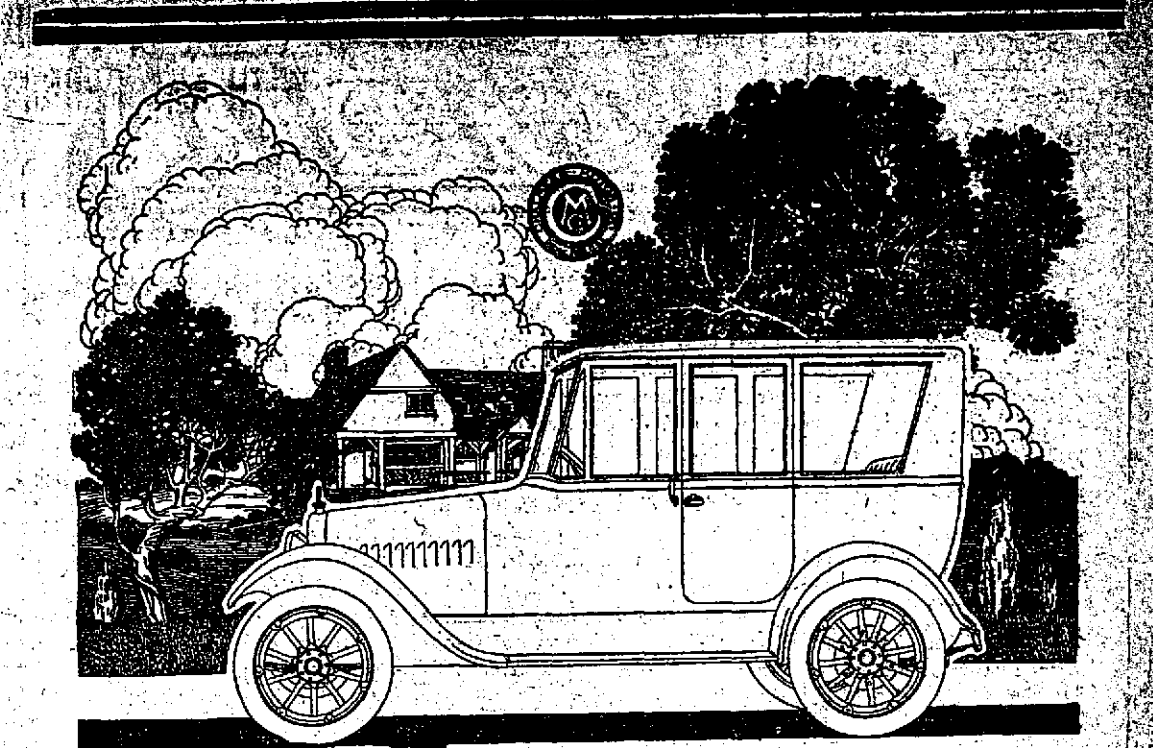

PLAN TO CULTIVATE FOOD FOR SOLDIERS

Is Suggested to State Food Conservation Heads by Mrs. A. L. Stewart

CHILDREN PLANT TOMATOES

At the suggestion of Mrs. A. L. Stewart, of this city, that public school children cultivate tomatoes during the spring and summer for use in the army cantonments, Harry Barnard, state food administrator and Will Hays, state defense council chairman are attempting to get the government to O. K. the plan not only for Rushville school children but also to be suggested to the school authorities through the state. The present plan, if it meets with government approval, will be to plant seeds in boxes in the school rooms and to allow them to germinate and grow into plants in the sunny windows in the class rooms. A certain number of plants will be distributed among the children when the planting season arrives to be cared for by them during the summer. The tomatoes, when ripe, are to be canned by women of the city and turned over to the government for distribution.

"The plan is an excellent one," declared the state food administrator, "and one worthy of notice by which the soldiers in the various cantonments will be provided with wholesome well prepared vegetables." The matter has been placed

THIS GREAT CHALMERS ENGINE RUNS WITH MIDSUMMER SOFTNESS ON A BITING COLD DAY

In years gone by we have driven very excellent cars over which we have labored countless half hours to start on a cold day. And these same cars sputtered for miles afterwards once we got the engine going.

So you may imagine the sense of satisfaction that we have in this current new Chalmers which not only starts with a vim on a cold day, but runs with the softness of midsummer in a few seconds after the starter button has sent the engine on its way.

To put your finger on the "why" is to put it on the now famous "hot spot" (an ingenious device that cracks up the gas into a wonderful, fine vapor, then heats it) and a magnificent "ram's-horn" manifold (which speeds the gas on its way to the cylinders for instant action.)

HAS ARRIVED IN FRANCE

Son of Mrs. Sarah Caldwell Will Build Hospitals

Sarah Caldwell, of North Morgan street, has received a telegram from her son, B. F. Caldwell announcing his safe arrival in France. Until ten years ago Mr. Caldwell made his home in this city where he was well known. He has been in the employ of the Stone and Webster Construction company of Rock Island, Ill., for a number of years and was sent across to aid in the construction of hospitals and various other buildings behind the lines. He arrived in France February 2.

WANT ADS BRING RESULTS

SALTS FINE FOR ACHING KIDNEYS

We eat too much meat, which clogs Kidneys, then Back hurts and Bladder bothers you.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally; else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders. You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with glycerine and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders. Jad Salts is harmless & inexpensive. It makes a delicious effervescent (it is water-drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications. A well-known local druggist carries a lot of Jad Salts to furnish you with in overcoming kidney trouble, or only trouble.

Women Suffer at Home

DOCTOR, IND.—"Dr. Pierce's Favorite Prescription" has given me such great relief that I am glad to tell of it so that other women who suffer may know what will help them. I was all run-down in health, became very weak and nervous and could not eat or sleep. Nothing seemed to do me any good until I began taking Dr. Pierce's Favorite Prescription and the Golden Medical Discovery. They moved to be just what I needed, as they soon built me up and I could eat and sleep well. And just a few years ago, when I was going through middle age, I took the "Prescription" and it brought me through the critical period in the best of health."—**MRS. CHRISTINA KRAMOVAR, 219 South 10th St.**

"Favorite Prescription," the ever-famous friend to ailing women, and "Golden Medical Discovery," the greatest general tonic, are both put up in liquid and tablets, contain no alcohol or habit-forming drugs, and are to be found in nearly all drug stores. The tablets cost 60 cents. These medicines of Dr. Pierce's have enjoyed an immense sale for nearly 50 years, which proves their merits as well as the statements made by users. If not obtainable at your dealer's send 10 cents to Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., and he will mail trial package of either tablets; also write for free medical advice; if there is need.

Dr. Pierce's Pleasant Pellets for the liver and bowels have also been favorably known for nearly 50 years.

Society

Mrs. T. E. Murphy of Glenwood was hostess to the members of the Sorosis club yesterday at one of the most interesting meetings of the year. All of the members were in attendance and during the course of the meeting a double program was given.

A pitch-in dinner was served at noon after which a program on Canada was given by Mrs. C. M. George and Miss Doris Saxon. The papers discussed were, "The Canadian Dominion," and "A Tour of Canadian Cities." An intermission followed the Canadian topics, after which the second part of the program was given.

"All in a Day," was the feature of the program and consisted of an original story by Mrs. Roland Murray. The story was one of every day life but was woven together in an interesting manner and was greatly enjoyed by the guests. "General Funston's Life and Work" and the Red Cross work were the subjects of the other numbers on the program.

The next meeting will be held in two weeks with Miss Florence Elliott of North Harrison street when the spirit of the younger generation will be the subject of the program.

Last evening the Young Peoples Christian Union of the United Presbyterian church was delightfully entertained by the Misses Ethel and Irene Ellingwood at their home in West Tenth street with a Valentine party. The evening was spent in games and music after which dainty refreshments were served, followed by the distribution of a large assortment of pretty valentines. A separate box was prepared for the valentines of Ira Fultz, Donald Penne and Carl Dudgeon, the Y. P. C. U. soldier boys at Camp Shelby, which were mailed to them this morning. Those who enjoyed the pleasant evening were the Misses Leda Green, May Cheek, Marie Taylor, Ruby Sterrett, Stella Offutt, Edna McGuire, Alta Hoekersmith, Hazel Taylor, Goldie Jessup, Marie Sterrett, Goldie Cheek, and Ota Hoekersmith, Byron Wainwright, Perry Hoekersmith, Robert Dudgeon, Berri Offutt, Mr. and Mrs. William Taylor, Mr. and Mrs. A. L. Ellingwood and the Rev. and Mrs. John T. Aikin.

Thirty-four members of the Loyal Daughters Sunday school class of the Main street Christian church completed several towels and handkerchiefs at the meeting last night which was held at the home of Mrs. Leatha Lovenger, 307 East Eighth street.

The members of this class has been doing Red Cross work for several months and during that time have completed hundreds of useful and necessary pieces for the hospital supply boxes prepared at the local headquarters.

The assistant hostesses at last night's meeting were the Misses Prudence Pope, Cornelia Schriber, and Florence Smiley, and at the close of the meeting dainty refreshments were served.

The life and career of Lincoln was the subject of an interesting address delivered yesterday by the Rev. Clyde S. Black at the meeting of the Ladies Aid society of the St. Paul's Methodist church when Lincoln Day was observed with a special program.

Mrs. Will C. Smith was hostess at the meeting and was assisted by

COUGHS WASTE ENERGY

Careful physicians always point out that every cough wears human strength and tears down the body's resistive powers. The reason

SCOTT'S EMULSION

is always best for coughs is that it peculiarly soothes the tender membranes while its rich, creamy food rebuilds the tissues to avert bronchitis and lung trouble.

No alcohol—just food.

War Does Its Wonders with The Children

What Generations of Mothers Have Been Trying to Accomplish by Means of Punishment, it is Accomplishing Without an Effort. Children Sew For Relief Work Without a Murmur.

What generations of mothers have been trying to accomplish by peaceful means of punishment, this war is accomplishing without even an effort and the children of Rush county both at home and in the schools are taking up sewing in various forms of war relief work without a murmur, in fact, even the children who have scarcely learned the art of making doll clothes are working enthusiastically for the relief of the little sufferers in France.

When our grandmothers were young many of their days were made miserable by endless sewing which was always stacked up for her to do as she sat primly at the feet of her mother while she was longing to take part in the more boisterous sports which would have shocked the older members of the household. In consequence of such torture grand-mother grew up to hate her needle and the ready-to-wear business was the real answer to her childhood prayer.

The pendulum took another swing a few years ago, however, and a wave of domestic science flooded the schools, making sewing a regular ladyship accomplishment once more. With the beginning of the war every feminine hand regardless of age or color is clutching needles of some kind.

Any number of girls not yet in their teens in the schools through Rush county are experts with knitting needles and are as busy as any

Beautiful Women Healthy Women Well-Dowered Women WEAR GOSSARD Corsets

The Original Front-Lacing Corsets

OFFERED THIS SEASON with a front so perfect that it rivals the beauty of the world-famed Gossard back.

This cleverly designed front absolutely eliminates all appearance of fat or thickness at the front and emphasizes the delicate curve of the waistline by accenting the curve under the bust. Only in a Gossard can this perfect front be attained, together with the small hips and flat back demanded by the present mode. Gossards are the only front-lacing corsets that completely conform to fashion's lines.

A genuine Gossard means more than a front-lacing corset; it means emphatically a perfect front, a smooth back, your all-day comfort, your safe-guarded health—it means unusual wearing service, alone worth the price you may pay, whether it be

\$2.00 \$2.50 \$3.50 \$5.00 or up to \$50.00

That the front lacing is the superior method of lacing is conceded by the best dressed women the world over. Gossard Corsets are the original front-lacing corsets and the perfect expression of the front-lacing principles. In your search for the perfect corset you will finally wear a Gossard, so anticipate the inevitable—buy and enjoy one now.

This name **Gossard** on the inside of the corset is your guarantee of the original

WEBSTER'S MULTICOPY Carbon paper is sold by Louis Hiner.

County News

Glenwood

Thomas Reed has returned from Columbus, O., where he took the physical examination for admission into the engineering corps.

Mr. and Mrs. John Naylor and daughter Marie will move to a farm near Greenfield, Ind., immediately after the sale at the farm on which they reside, Feb. 26.

Mr. and Mrs. Ralph Peck and son John spent the week end with Mr. and Mrs. J. W. Peck at their home near Connersville.

Twenty-four members of the Elmhurst seminary near Connersville, took dinner at the Glenwood Inn, the guests of Mrs. J. H. Link Saturday evening.

The usual services were conducted at the United Presbyterian church Sunday afternoon. Services at the Christian church and at the Methodist church were conducted in the morning.

The Ladies Aid society furnished the lunch at the Edgar Noble sale, northwest of Glenwood last week.

Red Cross Notes

Seventeen dollars were added to the Red Cross fund as the result of the lunch served yesterday to the high school students by the members of the Psi Ueta Xi sorority, during the ten minute intermission period at noon. Ginger bread and sandwiches were served.

A special order for supplies for French-base hospitals has been received by the surgical dressing department of the local Red Cross to be filled within a week and as a result the department which has been closed here for more than two weeks while the room was being redecorated will be opened again tomorrow afternoon.

Twenty-eight hundred pieces is the demand placed on the local organization to be completed in a week and in completing this number it will be necessary that all of the surgical dressing class workers spend every afternoon at the headquarters. The bandages must be completed in seven class meetings, including the Wednesday evening class when the women belonging to the night class are asked to make a special effort to attend.

FRESH EGGS OFF FIVE CENTS

Warmer Weather and Poultry Order Influences Retail Price

Cash groceries were advertising fresh country eggs at forty-five cents a dozen today and the Adams Produce company is paying forty cents for them wholesale. A week ago fresh eggs were retailing at sixty cents a dozen. The warmer weather is said to have had some effect on the price, and it is thought that the poultry order issued by the national food administration Monday, prohibiting the purchase of hens and pullets until May 1, may have influenced the price.

A marriage license has been issued to Miss Maude Louise Bungalow, daughter of Mr. and Mrs. E. L. Bungalow of Gings and Irvin H. Piper, son of Mr. and Mrs. E. J. Piper of Palmyra.

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, laggy, don't care feeling, no ambition or energy, troubled with indigestion, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without gripping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

ADDITIONAL SOCIETY

(Continued from Page 4.)

The marriage of Miss Eva Gwynn, daughter of Mrs. Martha Gwynn of Anderson and R. J. Cullipher, professor of manual training in the local schools, was solemnized Sunday morning at the Christian church in Anderson when the ring ceremony was used. Mr. and Mrs. Cullipher returned to this city immediately after the ceremony and have gone to housekeeping at 224 West Fifth street.

Mr. Cullipher, whose home is in Anderson, has been engaged as manual training instructor here for two years.

The regular monthly meeting of the C. W. B. M. of the Sexton Christian church was held yesterday afternoon at the home of Mrs. Oris Winkler north of the city.

The scripture reading by the hostess was followed by the afternoon's lesson on Africa by Mrs. Maud Oldham. A reading was given by Miss Goldie Jackson and the Bible study and hidden answers were discussed by Mrs. Sarah Palmer and Mrs. Ethel Wright.

The next meeting will be held Tuesday, March 12.

Announcement of the marriage of Miss Mary Wilson, daughter of Mr. and Mrs. Bert Wilson, north of the city and Earl Davis of Union, West Virginia, has been made. The wedding was solemnized February 6, at the local Methodist parsonage with the Rev. Clyde S. Black officiating, but was kept a secret until today. Mr. and Mrs. Davis will go to Connersville to reside where Mr. Davis is employed.

The announcement of the approaching marriage of Miss Frances Stafford and Russell E. Goodrich of Shelbyville is of interest to a host of friends of the bride-elect in this city.

The announcement of the engagement was made at a luncheon yesterday and although the date for the wedding has not been set it will take place in the early spring.

Mrs. John T. Aikin will entertain the members of the Ladies Aid society at the United Presbyterian church at her home in West Seventh street tomorrow afternoon. The meeting was postponed from Tuesday afternoon.

Thirty-four attended the meeting of the Epworth League Bible study class held at the home of Mrs. R. G. Bick in North Harrison street Monday evening. The next meeting will be at the home of Miss Marjorie Seigh.

The Misses Helen and Esther Black entertained at their home in North Jackson street last night with an informal dinner party. The guests included Mr. and Mrs. Jack Knecht and Miss Nelle Baldwin.

Carl Spivey will celebrate his sixteenth birthday this evening by entertaining ten of his boy and girl friends at his home at 621 North Arthur street.

Miss Helen Scudder will entertain the members of the Thursday Afternoon Bridge Club at her home in West Second street tomorrow afternoon.

Mrs. Guy Mulbarger is entertaining the members of the Wednesday Afternoon Bridge Club at her home in North Jackson street this afternoon.

Mrs. Vincent Young will be hostess to the members of the Emanon Embroidery club tomorrow afternoon at her home in East Seventh street.

The regular meeting of the Pirate Bridge club will be held tomorrow afternoon with Mrs. Robert Tompkins at her home in East Seventh street.

Mrs. B. O. Simpson will entertain the members of the Auction Bridge club at her home in North Main street Thursday afternoon.

The Woman's Relief Corps and a regular meeting of this organization in the C. A. R. room at the court house.

PATRONAGE OF THE ROUMANIA IGNORES LIBRARY GROWING GERMAN'S ULTIMATUM

Conditions Contribute Much Toward
Arousing More Interest in it,
Report Shows

READERS ON THE INCREASE

4,011 Persons Patronize Library,
2,224 Books Being Taken Out
in January

Business at the local library was never better, according to the report made by Miss Mary Sleeth, head librarian at the meeting of the library board held in the library last evening. According to Miss Sleeth, interest in the war, the early closing hours of down town places, and the calling off of entertainments because of the fuel situation have had a marked effect on the patronage both in the number of books taken out by readers and the increase in the numbers of readers.

Two thousand, two hundred and twenty-four books went out during the month of January. The condition of the weather preventing people in some localities from getting out and its effect on the patronage was evidently over-balanced by the fact that people had so few places to go and took a greater interest in reading. Monday is the big day at the library and people, whose places of business are closed on that day, take advantage of the library.

With 2,224 books out during the month, an average of 97 went out daily. Eighty-eight new names were added to the list of those who have cards at the library during the month, making a total of 4,011 persons from Rush county who patronize the library.

In the list of new reference books which the board decided to add to the library are those which are noticeably of particular interest today. Agricultural reference books are prominent among the new ones. The particular editions have not been decided upon, but the subjects which the books will cover have been named. New biblical reference books will also be ordered.

The additions made to the list of periodicals include the New York Sunday Times and the supplement to the Scientific American.

At the meeting of the board, the regular bills were allowed and other matters of business importance to the library were decided upon.

Amusements

Variety is offered in the bill at the Gem theatre this evening. Harold Lloyd stars in "Move On" and the film "Peace and Quiet" will be shown. Mystery entangles the plot of "The Hidden Hand," another News feature will be shown. Tomorrow, George Walsh stars in "The Yankee Way."

Lew Fields in "The Corner Grocer," to be shown at the Princess theatre this evening demonstrates that he is not only a great comedian but a wonderful character actor. In the role of Wendel, the corner grocer, in this production, Mr. Fields has a role that grips the sympathies of the audiences at once and holds them enthralled to the very end. Co-starred with Fields in this picture is dear, delightful little Madge Evans, the World's kiddie star. She appears as Mary, the little orphan, who grows up to love Ralph Wendel's son.

Tomorrow's offering is "The Princess of Park Row" starring Mildred Manning and Wallace McDonald.

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils
Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more yawning, sniffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.
Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.
It's just fine. Don't stay stuffed up with a cold or catarrh.

Will Survive or Perish With Allied
Cause, Says Message to
Minister Here.

IT MAY MEAN BALKAN DRIVE

(By United Press.)

Washington, Feb. 13.—Roumania has ignored Germany's ultimatum to conclude immediate peace.

According to a message to the Roumania minister here, Roumania has "disdainfully ignored Germany's threat, and will survive or perish with the allied cause."

With Teuton divisions on one side, the Bolsheviks on the other and many miles away from a friendly force Roumania is fighting harder today than ever before.

Behind the decision of Roumania, military critics see the promise of an allied offensive in the Balkans. Without assurances of co-operation from the Salonika forces, Roumania would hardly be in a position to withstand a Teuton drive.

TRIUMPHS OVER THE GERMAN ARTILLERY

Americans Win in Gun Duel Which
Began Monday Sunset and
Continued All Night.

NO MAN'S LAND LIGHTED UP

(By United Press.)

American Army in France, Feb. 13.—American artillery triumphed over the Germans in the gun duel which began with Monday's sunset and continued all night.

It is not yet permissible to announce the object of the American firing, but the bombardment entirely accomplished its purpose. All night no man's land was almost as light as day. The unusually good visibility prevailing today brought out numerous allied and enemy aeroplanes.

NO DANGER OF FLOOD HERE

Flatrock Out of Its Banks Only at
a Few Places

Streams in many places in the state are at flood stage, but Flatrock, although higher than usual, is out of its banks only at a few points and there apparently is no danger of a flood. South of Rushville the river has flooded the lowlands in a few places. Today the ice which has been floating down, had entirely disappeared. The river has been carrying trees and other debris, indicating that it has been overflowing its banks north of here.

Here It is; The First Robin Has Been Seen

Everyone has been expecting it, but the glad news did not come until today that the first robin had been seen. Fearing she would be the object of the usual jokes about catching a glimpse of the first robin, the woman who telephoned the "Republican" this morning that she had seen one, requested her name not be used. She is ready to make affidavit, however, that the robins have been chirping in the trees near her house.

FEW ARE PAYING TAXES

Many taxpayers are paying their spring installment now. Taxes are being collected at the county treasurer's office at the rate of about \$2,000 a day. Many, especially those whose taxes amount to a large sum pay before the first of March to avoid paying taxes on the money.

LOCAL LEAGUE PRAISED

The Rushville Epworth League chapter of the Methodist church is highly praised in an article which appears in this week's issue of the Epworth Herald, the weekly publication of the Methodists for the League all over the country. A record of its accomplishments for the past few months are recorded.

Mrs. Mary Cowan of Milroy visited in the city today.

Fits Your Farm

Does All
Farm
Work
Without
Horses

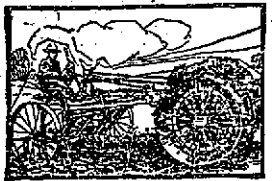

See for yourself how well the Moline Universal Two-Wheel Tractor FITS YOUR FARM. It cultivates as well as plows. It works on plowed ground without packing the soil. It is as easy to handle as a team of horses. It gets close into the fence corners, turns short and backs with tools attached. It is a real one-man tractor. You ride on the tool where you can see the work you are doing. You don't have to have someone run the tractor while you operate the farm implement, and finally, it DOES ALL FARM WORK WITHOUT HORSES.

Costs Less Than 4 Horses Does the Work of 7 Horses

With all the advantages named above the Moline Universal Two-Wheel Tractor is also low in first cost and very inexpensive to operate. It costs you less than 4 good horses. When it comes to pulling it has the power of 5 horses and because it travels faster, and never tires, it will actually do the work of 7 horses.

MOLINE UNIVERSAL TRACTOR

will do anything you can do with horses and do it quicker, easier, better and with less hired help. Because all its weight is on two wheels—it has no dead weight to carry. All its weight is traction weight. It throws all of its weight into the pull. The tool you hitch it to forms the rear wheels. This gives two big advantages. FIRST: It does away with almost a ton of needless weight—which tractors of the 3 and 4 wheel types require. SECOND: It enables the operator to ride the tool instead of the tractor. In this way you can watch the work closely. You can turn short, get closer into fence corners than you can with a team and back with tools attached.

If you have an average farm of from 60 to 300 acres you will find this one-man, two-wheel, all-purpose tractor ideally fitted for your work. Don't buy any tractor until you have investigated the Moline Universal.
